Harmonic Trading is today's most powerful, well-proven new approach to technical analysis. Now, in the second volume of an indispensable two volume set, Harmonic Trading creator Scott Carney presents even more new and advanced techniques for unlocking valid market signals as if they were the combination to a safe. Harmonic Trading of the Financial Markets, Volume 2 begins with a brand-new review of today's markets from a harmonic trading perspective. Next, it introduces a series of new and advanced concepts presented in no other book, including the 5-0 pattern and Alternate Bat pattern. Carney also introduces the RSI BMM Advanced Execution Model, a breakthrough approach to applying Harmonic Trading in real trades. The natural harmonic patterns in this book are designed to consistently identify critical price levels and market turning points: patterns analogous to the predictable behavior of natural systems. Carney supports them with examples from widely diverse markets, including 2008's extraordinarily bearish environment. As in Volume 1, Carney

The Definitive Introduction to Harmonic Trading--By the Originator of This Approach, Scott Carney! "I have always found it fascinating that, in the field of securities analysis, so few important gains have been made in the body of knowledge since the 1920s and 1930s. There are a small number of modern-day pioneers among us who must be sought out. Scott Carney is one of those pioneers who has devoted himself to the task of uncovering the hidden logic in the movements of the markets. Harmonic Trading: Volume 1 provides a system of critical decision-making based on the natural order of life, which allows investors to replace emotions and guesswork with logic and symmetry so necessary to becoming a successful

investor."--PAUL DESMOND, President of Lowry Research Corporation "I am well aware of the author's dedication and degree of excellence in his work. Scott has not only thoroughly researched and covered the subject well, he has taken that most important step of showing you how to use these tools and apply them to your trading and investing. I currently oversee the management of more than \$3 billion in assets using a technical model. I know firsthand that a trading methodology that does not have buy, sell, and trade-up rules will never be successful. Every effort needs to be made to make the process free of subjectivity. Harmonic Trading will help you organize your trading and keep you in sync with the markets. No one has done this better than Scott." -- GREG MORRIS, Chief Technical Analyst, Stadion Money Management, and author of Candlestick Charting Explained and The Complete Guide to Market Breadth Indicators Harmonic Trading creator Scott Carney unveils the entire methodology to turn patterns into profits. achieve success. Nobody knows this better than authors Larry Pesavento and Leslie Joufflas, both traders and educators of traders, who have consistently used pattern recognition to capture profits from the markets. In *Trade What You See*, Pesavento and Joufflas show traders how to identify patterns as they are developing and exactly where to place entry and exit orders. While some patterns derive from the techniques of Wall Street 's earliest traders and other patterns reflect Pesavento 's emphasis on the geometry of market movements and Fibonacci numbers.. Filled with hard-won knowledge gained through years of market experience, *Trade What You See* outlines both a practical and sophisticated approach to trading that will be of interest to both novice and seasoned traders alike. Larry Pesavento is a forty-year veteran trader. He operates a Web site,
