Development" was published, the packaging industry has undergone many profound changes. These have included the virtual elimination of cellophane and its replacement with oriented polypropylene as a carton overwrap, fluid milk in blow-molded HDPE bottles, PET beverage bottles, cookie bags and cartons lined with polyolefin coextrusions instead of waxed glassine, and bread in reclosable polyolefin and coextruded film bags. New phrases have also worked their way into the lexicon of the practicing packaging technologist, such as "child resistance" and "tamper evident." This most popular text on packaging demanded updating. How these phrases and ideas have affected the industry in the 1980s and how they will probably alter its course in the future are treated. New concepts of packaging system planning and

forecasting techniques are intruding into package management, and new chapters will introduce them to the reader. The years have added a certain degree of maturity to the packaging industry. Not only have the original authors broadened their perspectives and changed professional responsibilities, we have also included a third co-author, Dr. Aaron L. Brody, whose experience in the industry, academic background, and erudite insights into the very nature of packaging have added an unparalleled degree of depth to this book. We would like to thank David L.

built from the blueprint of your needs: for protection, for love, for God. And those needs aren't going anywhere. Sheila speaks candidly about the trials in her life, including the heartache of her first marriage, and intertwines her story with the biblical saga of King David. As both Sheila's and David's stories make clear, some cravings are misguided, but they all stem from the same hunger—and they will haunt you until that hunger gets satisfied properly. If you keep reaching out to the wrong people at the wrong times in your own life, *The Longing in Me* will help you understand that your cravings are not the problem. It's where they lead you that makes all the difference.
