Tired of trying to measure up? Trade your anxiety and frustration for rest and relaxation. Many of us believe that in order to please God, we have to be perfect. It's an easy lie to buy into. In a culture that emphasizes accomplishment and ever-higher goals, we feel driven to do more, achieve more, be more. And we get caught up in the unforgiving treadmill of self-imposed rules, believing that we should, we need to, we must. The result? Anger, frustration, and anxiety that keep us far away from the life of peace that Jesus promised. For years, Sandra McCollom lived in this trap. Finally worn out from striving for perfection but constantly feeling like a failure, one day she prayed in desperation, begging God for help. God answered Sandra by setting her on a life-changing journey to discover the riches of His grace. In I Tried Until I Almost Died, Sandra shares how she left behind her burden of anxiety and fear and shows you how to experience for yourself the freedom of trusting solely in the perfecting power of God's grace.

This hugely popular international bestseller is being repackaged and rebranded as the leading title in the C.S. Lewis Signature Classics range. One of the most popular and beloved introductions to the concept of faith ever written, Mere Christianity has sold millions of copies worldwide. The timeless questions of spirituality which Lewis raises will have resonance with a new generation of readers. Mere Christianity brings together Lewis's legendary broadcast talks of the war years, talks in which he set out simply to 'explain and defend the belief that has been common to nearly all Christians at all times.' Rejecting the boundaries that divide Christianity's many denominations, C.S. Lewis provides an unequalled opportunity for believers and nonbelievers alike to hear a powerful, rational case for the Christian faith. This scintillating collection confirms C.S. Lewis's reputation as one of the leading writers and thinkers of our age.

A family relocates to a small house on Ash Tree Lane and discovers that the inside of their new home seems to be without boundaries

The extraordinary #1 New York Times bestseller about the ability of books to feed the soul even in the darkest of times. Nominated as one of America's best-loved novels by PBS's The Great American Read. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of I Am the Messenger, has given us one of the most enduring stories of our time. [The kind of book that can be life-changing.] [The New York Times] [Deserves a place on the same shelf with The Diary of a Young Girl by Anne Frank.] [USA Today] DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

The true story of an ordinary boy's most extraordinary journey following a car accident that left him paralyzed offers new insights on miracles, life beyond this world and the power of a father's love.

From the Booker Prize-winning author of The Remains of the Day and When We Were Orphans, comes an unforgettable edge-of-your-seat mystery that is at once heartbreakingly tender and morally courageous about what it means to be human. Hailsham seems like a pleasant English boarding school, far from the influences of the city. Its students are well tended and supported, trained in art and literature, and become just the sort of people the world wants them to be. But, curiously, they are taught nothing of the outside world and are allowed little contact with it. Within the grounds of Hailsham, Kathy grows from schoolgirl to young woman, but it's only when she and her friends Ruth and Tommy leave the safe grounds of the school (as they always knew they would) that they realize the full truth of what Hailsham is. Never Let Me Go breaks through the boundaries of the literary novel. It is a gripping mystery, a beautiful love story, and also a scathing critique of human arrogance and a moral examination of how we treat the vulnerable and different in our society. In exploring the themes of memory and the impact of the past, Ishiguro takes on the idea of a possible future to create his most moving and powerful book to date.

An essential volume for generations of writers young and old, Bird by Bird is a modern classic. This twenty-fifth anniversary edition will continue to spark creative minds for years to come. For a quarter century, more than a million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott's hilarious, big-hearted, homespun advice. Advice that begins with the simple words of wisdom passed down from Anne's father—also a writer—in the iconic passage that gives the book its title: [Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he'd had three months to write. It was due the next day. We were out at our family cabin in Bolinas, and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside him, put his arm around my brother's shoulder, and said, [Bird by bird, buddy. Just take it bird by bird.]

In 1967, after a session with a psychiatrist she'd never seen before, eighteen-year-old Susanna Kaysen was put in a taxi and sent to McLean Hospital. She spent most of the next two years in the ward for teenage girls in a psychiatric hospital as renowned for its famous clientele—Sylvia Plath, Robert Lowell, James Taylor, and Ray Charles—as for its progressive methods of treating those who could afford its sanctuary. Kaysen's memoir encompasses horror and razor-edged perception while providing vivid portraits of her fellow patients and their keepers. It is a brilliant evocation of a "parallel universe" set within the kaleidoscopically shifting landscape of the late sixties. Girl, Interrupted is a clear-sighted, unflinching document that gives lasting and specific dimension to our definitions of sane and insane, mental illness and recovery.

A New York Times Book Review Editors' Choice The fascinating, forgotten story of the 1970s attempt to build a city dedicated to racial equality in the heart of [Klan Country] In 1969, with America's cities in turmoil and racial tensions high, civil rights leader Floyd McKissick announced an audacious plan: he would build a new city in rural North Carolina, open to all but intended primarily to benefit Black people. Named Soul City, the community secured funding from the Nixon administration, planning help from Harvard and the University of North Carolina, and endorsements from the New York Times and the Today show. Before long, the brand-new settlement [built on a former slave plantation] had roads, houses, a health care center, and an industrial plant. By the year 2000, projections said, Soul City would have fifty thousand residents. But the utopian vision was not to be. The race-baiting Jesse Helms, newly elected as senator from North Carolina, swore to stop government spending on the project. Meanwhile, the liberal Raleigh News & Observer mistakenly claimed fraud and corruption in the construction effort. Battered from the left and the right, Soul City was shut down after just a decade. Today, it is a ghost town [and its industrial plant, erected to promote Black economic freedom, has been converted into a prison. In a gripping, poignant narrative, acclaimed author Thomas Healy resurrects this forgotten saga of race, capitalism, and the struggle for equality. Was it an impossible dream from the beginning? Or a brilliant idea thwarted by prejudice and ignorance? And how might America be different today if Soul City had been allowed to succeed?

NATIONAL BESTSELLER WINNER OF THE PULITZER PRIZE The searing, post-apocalyptic novel about a father and son's fight to survive. A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. A New York Times Notable Book One of the Best Books of the Year The Boston Globe, The Christian Science Monitor, The Denver Post, The Kansas City Star, Los Angeles Times, New York, People, Rocky Mountain News, Time, The Village Voice, The Washington Post
