violence, violence toward children, and environmental degradation. She saw that many interventions lacked emotional and cultural integrity and thus did little to alleviate these hardships. So Cash went outside the conventional approaches to health promotion and social justice and devised a community narrative practice, a strategy for engaging people through storytelling. From numerous ethnographic interviews, she pieced together cultural stories in a way that resonated with community people and revealed the paradoxes in their suffering. Cash

recruited local artists to illustrate the stories in a form resembling a graphic novel and distributed these booklets for community discussion. (This book includes excerpts from these illustrated stories.) In Thailand, Bangladesh, Haiti, Uganda, and the United States, people learned to talk about forbidden subjects and say what they could never say before. They stood up to each other, reconciled, and made health-seeking decisions. By helping others, they repaired themselves. In cathartic conversations they acknowledged shame, which led to acts of courage and
