Jane Austen And The English

Jane Austen's novels in their quiet English settings have always been delightfully revealing about the early years of the nineteenth century and Regency England. They reflect the cross currents of 'Taste and Feeling' - the dilemmas of heroines when their well-established Georgian standards are confronted with challenging new romantic ideas and attitudes to society and the environment.

English novelist Jane Austen (1775–1817) wrote about unremarkable people in unremarkable situations of everyday life, and yet she shaped such material into remarkable works of art. The economy, precision, and wit of her prose style; the shrewd, amused sympathy expressed toward her characters; and the skillfulness of her characterization and storytelling continue to enchant readers.

Jane Austen was an English novelist. She wrote many books of romantic fiction about the gentry. Her works made her one of the most famous and beloved writers in English literature. She is one of the great masters of the English novel. Austen's works criticized sentimental novels in the late 18th century, and are part of the change to nineteenth-century realism. She wrote about typical people in everyday life. This gave the English novel its first distinctly modern character. Austen's stories are

Vice Admiral William Bligh, (9 September 1754 – 7 December 1817) was an officer of the British Royal Navy and a colonial administrator. His naval career was contemporary with that of Jane Austen's brothers and the Austen family no doubt followed the details of his unusual history through the London papers.

Jane Austen was deeply inspired by the landscape and rural comforts of southern England. Her family's final move to Chawton, in the depths of the Hampshire countryside and so near the Steventon rectory of her childhood, gave her great satisfaction and led to her most creative period.

Few centuries have seen greater changes in social perspective and guiding ideas than the eighteenth century; literature in every Western country was a powerful instrument not only in recording these changes but in bringing them about. In England, the rise and development of a new literary form – the novel – graphically mirrors that great transition in social ideology, often with rare entertainment. Originally published in 1965, in the words of Professor Steeves: "This

Get Free Jane Austen And The English Landscape

volume is to deal with the years in which the novel was still an experiment. At the beginning of the eighteenth century there was no novel. By the end, novels of every description were being published, not in dozens, but in hundreds. The badness of the product was universally recognized, but perhaps fifty had emerged out of the ruck of mediocrity, some tolerable, some good, and some great. The author tells us that it is the province of the novel "to deal with what seems to be real people, in situations which have the tang of the life of the time and which pose significant problems related to that life." He examines the changing view of the social scene in the works of the great novelists of the period — Defoe, Richardson, Fielding, Smollett, and Sterne — and in the less familiar but still significant novels of others from the time. The discussion ends with Austen because she comes "exactly at the end of a century highly important in intellectual and cultural history, and at the beginning of another century equally epoch-making.... Miss Austen can properly be called the first modern English novelist, the earliest to be read with the feeling that she depicts our life, and not a life placed back somewhere in history, or off somewhere in imagined space".

It is a truth universally acknowledged, that a single man in possession of a good fortune, must be in want of a wife. So runs one of the most famous opening lines in English literature. Setting the scene in *Pride and Prejudice*, it deftly introduces the novel's core themes of marriage, money, and social convention, themes that continue to resonate with readers over 200 years later. Jane Austen wrote six of the best-loved novels in the English language, as well as a smaller corpus of unpublished works. Her books pioneered new techniques for representing voices, minds, and hearts in narrative prose, and, despite some accusations of a blinkered

domestic and romantic focus, they represent the world of their characters with unsparing clarity. Here, Tom Keymer explores the major themes throughout Austen's novels, setting them in the literary, social, and political backgrounds from which they emerge, and showing how they engage with social tensions in an era dominated by the French Revolution and the Napoleonic Wars. The Jane Austen who emerges is a writer shaped by the literary experiments and socio-political debates of her time, increasingly drawn to a fundamentally conservative vision of social harmony, yet forever complicating this vision through her disruptive ironies and satirical energy.

Jane Austen (16 December 1775 - 18 July 1817) was an English novelist known primarily for her six major novels, which interpret, critique and comment upon the British landed gentry at the end of the 18th century. Austen's plots often explore the dependence of women on marriage in the pursuit of favourable social standing and economic security. Her works critique the novels of sensibility of the second half of the 18th century and are part of the transition to 19th-century literary realism. Her use of biting irony, along with her realism and social commentary, have earned her acclaim among critics and scholars. With the publications of "Sense and Sensibility" (1811), "Pride and Prejudice" (1813), "Mansfield Park" (1814) and "Emma" (1816), she achieved success as a published writer. She wrote two additional novels, "Northanger Abbey" and "Persuasion", both published posthumously in 1818, and began another, eventually titled "Sanditon", but died before its completion. She also left behind three volumes of juvenile writings in manuscript and another unfinished novel, "The Watsons". Her six full-length novels have rarely been out of print, although they were published anonymously

and brought her moderate success and little fame during her lifetime. A significant transition in her posthumous reputation occurred in 1833, when her novels were republished in Richard Bentley's Standard Novels series, illustrated by Ferdinand Pickering, and sold as a set. They gradually gained wider acclaim and popular readership. In 1869, fifty-two years after her death, her nephew's publication of "A Memoir of Jane Austen" introduced a compelling version of her writing career and supposedly uneventful life to an eager audience. Austen has inspired a large number of critical essays and literary anthologies. Her novels have inspired many films, from 1940's "Pride and Prejudice" to more recent productions like "Sense and Sensibility" (1995) and "Love & Friendship" (2016).

A lively illustrated collection of short essays on a wide range of aspects of Austen's life, work and times.

The Complete Novels of Jane Austen brings together the indelible characters, picturesque locations, and masterful storytelling of Jane Austen, one of the most beloved and celebrated authors of all time. This special ebook edition includes all of Austen's published works: Sense and Sensibility, Pride and Prejudice, Mansfield Park, Emma, Love and Friendship and Other Early Works, Lady Susan, Northanger Abbey, and Persuasion. These novel contain some of the most brilliant, dazzling prose in the English language. In a publishing career that spanned less than a decade, Jane Austen used the romantic endeavours of her well-plotted characters as a stage from which to address issues of gender politics and class-consciousness rarely expressed in her day. Through her vivacious and spirited heroines and their circle, she painted

vivid portraits of English middle-class life as the eighteenth century came to a close. Each of these novels is a love story and a story about marriage—marriage for love, for financial security, for social status. But they are not mere romances. Ironic, comic, and wise, they are masterly studies of the society Austen observed. This collection features the following works: Emma Lady Susan Love and Friendship and Other Early Works Mansfield Park Northanger Abbey Persuasion Pride and Prejudice Sense and Sensibility (The Complete Works of Jane Austen by Jane Austen, 9789380914794)

Jane Austen's last complete novel is now available in a revised Norton Critical Edition. The volume emphasizes new trends in critical discourse, which have enormous importance for our understanding of Austen's achievement. This revised Norton Critical Edition is based on the first edition text (dated 1818, but likely issued in late 1817). The editor has spelled out ampersands and made superscript letters lowercased. The novel, which is accompanied by revised and expanded explanatory annotations, is followed by the two canceled chapters that comprise Persuasion's original ending. "Backgrounds and Contexts" collects contemporary assessments of Jane Austen as well as materials relating to the social issues of the day. Included are an excerpt from William Hayley's 1785 "Essay on Old Maids"; Austen's letters to Fanny Knight, which reveal her skepticism about marriage as the key to happiness; Henry Austen's memorial tribute to his famous sister; assessments by nineteenth-century critics Julia Kavanagh and Goldwin Smith, who viewed Austen as an unassuming, sheltered, and "feminine" rural writer; and the perspective of Austen's biographer, Geraldine Edith Mitten. The Second Edition emphasizes current critical scholarship, reflecting enormous shifts in our

Get Free Jane Austen And The English Landscape

comprehension of Austen's achievement and opening the door to new ways of thinking about *Persuasion* and its author. For the first time, we can think complexly about Austen living through the Napoleonic Wars on the Continent and experiencing their political repercussions at home—the same as everyone else in England at that time. Four new essays—by Linda Bree, Sidney Gottlieb, John Wiltshire, and David Monaghan—speak to these new perspectives; those by Gottlieb and Monaghan expand the conversation into film adaptations of the novel. A Chronology of Austen's life and work, new to the Second Edition, is included along with an updated Selected Bibliography.

This 2004 volume offers an introduction to British literature that challenges the traditional divide between eighteenth-century and Romantic studies. Contributors explore the development of literary genres and modes through a period of rapid change. They show how literature was shaped by historical factors including the development of the book trade, the rise of literary criticism and the expansion of commercial society and empire. The first part of the volume focuses on broad themes including taste and aesthetics, national identity and empire, and key cultural trends such as sensibility and the gothic. The second part pays close attention to the work of individual writers including Sterne, Blake, Barbauld and Austen, and to the role of literary schools such as the Lake and Cockney schools. The wide scope of the collection, juxtaposing canonical authors with those now gaining new attention from scholars, makes it essential reading for students of eighteenth-century literature and Romanticism.
