Foods that promote human health - 'functional foods' or nutraceuticals - have caught the imagination of the global food industry. All the household-name companies are developing them as a key driver in their global strategies. They see the prospect of new markets and bigger margins, but the issues presented are fraught with complexity and difficulties. Distinguishing hype from real hope, the authors of this handbook explain the dilemmas and contradictions the industry faces. They present a wealth of detailed marketing, food policy and regulatory material from the leading markets world-wide and show how the hopes of the industry, and the consumer, may be dashed. The solution they offer is radical - nothing less than a new business model of what they term a healthful company.

From USA Today Bestselling Author Aileen Erin Seventeen-year-old Tessa McCaide has come a long way since her abrupt entrance into the world of werewolves, but she still has just as far to go before she's comfortable with turning full wolf. In the meantime, she's avoiding the topic of shifting to four legs any way she can. Thankfully her

mate, Dastien Laurent, is quite the distraction. When she finds her best friend, Meredith, getting sick in the bathroom, Tessa knows something's majorly wrong. Meredith was cursed years ago, and the dark magic kept her wolf dormant—only now the wolf is awake, and that same spell is killing her. Tessa has no intention of sitting around while Meredith wastes away. Even if it means playing with magic she doesn't understand, she'll do anything to save Meredith's life. Including bargaining with the local coven of witches and its crazed leader, whose only goal is getting Tessa to join the witchy ranks. Can Tessa save her friend without losing herself? ***A 52K Word Novella***

"There is no word to describe how much I love everything about this book." – Feli, The Four Eyed Cat "Wow! From USA Today Bestselling Author Aileen Erin Life has been crazy since Tessa McCaide moved to Texas. She's gone from being a normal-ish girl with visions to a super-powered werewolf. She's fought off vampires and broken a nearly unbreakable curse. And she's got a hot mate, Dastien Laurent, to keep her busy. Things are looking up until the full moon ceremony rolls around. Before Tessa can strengthen her bond with Dastien, the local coven crashes the gates, demanding that Tessa—their heir apparent—be returned. If the pack wants to avoid a war with the witches, handing Tessa over is the only option. Tessa doesn't want to cause an all-out fight, but joining a dark-magic coven isn't on her to-do list, especially if embracing her magic side means parting with Dastien. When the coven leader tries to control Tessa with dark-magic, Tessa realizes she has to dismantle the coven or prepare the pack for war. Either choice will change her life—and her world—forever. "I am in complete love with this book as I have been with the series so far. It holds a magical combination of fast paced action, mystery, witty dialog, and of course the romance makes it a winner." – Eve, Functioning Insanity "So I must say, this novel is, without a doubt, wonderful. I felt like an excited Jennifer Lawrence. Happy, giddy, and slightly insane." – The Not So Public Library hr Binge the complete Alpha Girls series now! From USA Today Bestselling Author Aileen Erin Tessa McCaide has had it up to here with supernaturals. Luciana may have failed to steal Tessa's magic, but she's just getting started on her crusade for magical domination. If her demonic summoning isn't stopped, it could mean the end of everything. Tessa's pack, including her mate Dastien, are ready to fight, but the ragtag group of shifters and witches are no match for Luciana's power. A little help (and ancient Inca mojo) from Tessa's bruja cousin, Claudia, may give the side of good a chance if she can make it home in time, but stopping the war is no longer an option. When witches and werewolves fight, no one wins. Only time will tell who will still be standing after the last spell is cast. "This book was amazing! I have loved this series since the first book and each book in the series as I got to know the characters a little more in each story just made me love them more." – Eve, *Functioning Insanity* "Tessa is such a fantastic, strong heroine who displays so much bravery and loyalty its a complete pleasure to read. From USA Today Bestselling Author Aileen Erin For the first time since Tessa met Dastien, life is quiet. The evil witch, Luciana, is six glorious feet under, St. Ailbe's is closed due to human trespassers, and people are finally getting used to the fact that supernaturals exist in the world. It seems like the perfect time for a honeymoon. After traveling to Dastien's house in Provence, clubbing in Paris, and attending Meredith and Donovan's Full Moon Ceremony in Ireland, Tessa and Dastien head to the Caribbean. Their trip is turning out to be the honeymoon that fantasies are made of-sunset cruises, long walks on the beach, and every romantic cliché you can imagine. Tessa couldn't be happier. Except that Tessa's visions are on the fritz. She hopes that means that nothing is brewing. That everything is quiet because all is well. But Tessa's never been one to assume anything. When she's magically attacked and nearly dies, Tessa knows she can't ignore the signs anymore. Something huge is going on. As much as she doesn't want to call an end to their six-week honeymoon, it's time to head back to

The de Havilland Tiger Moth biplane is an iconic and instantly recognisable aircraft. It is also one of a handful of planes that attracts the widest possible recognition outside the specialist group.
