This book is a complete guide for people who want to learn the Korean language, starting from the very beginning, and learn the alphabet and the correct sounds of vowels, consonants, and diphthongs. It was written for people who want an easy but systematic approach to the language. The writer is a non-native speaker who started learning the language from ZERO, just like you and spent years in Korea trying to reach a better level of proficiency in Korean. After a few weeks of study, you will study to recognize words, make sentences, and have simple (but miraculous) conversations with other Korean speakers!

Born in nuclear fire, they stride across the face of the world, unstoppable. They are the

Kaiju -- giant monsters that have ravaged the nation of Japan for decades. Only one power can stand against these titans of destruction -- the mecha Assault Force! The giant robots of the M.A.F. stand ready to do battle against the monstrous might of the kaiju. Mecha vs Kaiju is a Fate Core role playing game inspired by Japanese "kaiju eiga" (monster movies) like Godzilla and Gamera, and robot anime like Gundam and Evangelion. Players become fearless mecha pilots based on anime archetypes and design giant robots with custom-made weapons and armor. Gamemasters will pit their players against monstrous kaiju capable of leveling cities. MvK features an intricate setting inspired by giant monster movies, military robot anime, and martial arts epics. Readers will uncover the secret history of Japan and use its wealth of story possibilities to inspire their own battles in the relentless, never-ending conflict of Mecha vs Kaiju!

This book is open access under a CC BY 4.0 license. Rethinking the ways global history is envisioned and conceptualized in diverse countries such as China, Japan, Mexico or Spain, this collections considers how global issues are connected with our local and national communities. It examines how the discipline had evolved in various historiographies, from Anglo Saxon to southern European, and its emergence in Asia with the rapid development of the Chinese

economy motivation to legitimate the current uniqueness of the history and economy of the nation. It contributes to the revitalization of the field of global history in Chinese historiography, which have been dominated by national narratives and promotes a debate to open new venues in which important features such as scholarly mobility, diversity and internationalization are firmly rooted, putting aside national specificities. Dealing with new approaches on the use of empirical data by framing the proper questions and hypotheses and connecting western and eastern sources, this text opens a new forum of discussion on how global history has penetrated in western and eastern historiographies, moving the pivotal axis of analysis from national perspectives to open new venues of global history.

JACK FLETCHER IS BATTLING THE HIGH SEAS

Ambushed by the Shogun's samurai, Jack and his friends have only one hope of escape - the Seto Sea. But with ferocious storms, man-eating sharks and ninja pirates at every turn, their chosen route is fraught with danger. A treacherous crew only adds to their problems as they flee south from a ruthless samurai sea lord. Unless Jack can harness the Ring of Wind, he and his friends are destined for a watery grave . . . Book 7 in the blockbuster Young Samurai series by Chris

Bradford. Visit www.youngsamurai.com for competitions and FREE teacher resources. 'A fantastic adventure that floors the reader on page one and keeps them there until the end'
- Eoin Colfer

Grammar Troublespots, 3rd edition, provides an excellent aid for ESL writing students at the high intermediate level and above. It helps them identify and correct the typical errors that they are likely to make as they attempt to write, with the emphasis in this new edition on errors made in writing formal academic discourse. The book has 21 units. Each one examines an area of grammar, such as verb tense choice, article usage and modals, and then pinpoints the most troublesome grammar points within that area. Each unit provides a straightforward description of the grammar point, supported by plentiful clear examples, grammar charts and tables. The two-color new edition will be easier to use, with exercises such as error identification, error correction and sentence construction tasks consistently following each grammar point. Each unit ends with a writing assignment and a flowchart to help students diagnose their writing problems and edit their writing.

Conformist, mute and malleable? Andrews tackles head-on this absurd caricature of Japanese society in his fascinating history of its militant sub-cultures, radical societies and well-established traditions of

dissentFollowing the March 2011 tsunami and Fukushima nuclear crisis, the media remarked with surprise on how thousands of demonstrators had flocked to the streets of Tokyo. But mass protest movements are nothing new in Japan and the post-war period experienced years of unrest and violence on both sides of the political spectrum: from demos to riots, strikes, campus occupations, faction infighting, assassinations and even international terrorism. This is the first comprehensive history in English of political radicalism and counterculture in Japan, as well as the artistic developments during this turbulent time. It chronicles the major events and movements from 1945 to the new flowering of protests and civil dissent in the wake of Fukushima. Introducing readers to often ignored aspects of Japanese society, it explores the fascinating ideologies and personalities on the Right and the Left, including the student movement, militant groups and communes. While some elements parallel developments in Europe and America, much of Japan's radical recent past (and present) is unique and offers valuable lessons for understanding the context to the new waves of anti-government protests the nation is currently witnessing.

Relates the true story of masterless samurai (ronin) who avenged their lord's death and
