The Palgrave
Macmillan Law

Get Free Legal Method

Masters series is a long-running and successful list of titles offering clear, concise and authoritative guides to the main subject areas, written by experienced and respected authors. This ninth edition of Legal Method provides a lively introduction to the

Get Free Legal Method

nature of the English legal system and its sources, and to the techniques which lawyers use when handling those sources. The text assumes no prior knowledge and makes its content accessible by clarity of expression rather

Get Free Legal Method

than by dilution of content. In addition to more conventional sources, writers as varied as Jonathan Swift, Alexander Pope and T. S. Eliot are cited. This is an ideal course companion for both law undergraduate and GDL/CPE students. Includes

Get Free Legal Method

end of chapter
summaries and self-
test exercises.

Introduces the
nature of law and
legal reasoning for
anyone beginning
serious legal
training or study.
Starting with the
English legal
system and
constitutional law,

Get Free Legal Method

McLeod moves on to case law and precedent, statute law and interpretation including EC law as it arises.

Assuming no prior knowledge of philosophy, Legal Theory examines the relationship between law and

Get Free Legal Method

morality, and places particular emphasis on matters of contemporary debate, such as assisted suicide and animal rights.
--Book Jacket.

Studying Law
introduces students
to the fundamental

Get Free Legal Method

legal skills that they will need to successfully study the subject, such as case analysis, legislative interpretation, problem solving and essay writing, and to the core Law subjects themselves and the distinctions between them.

Get Free Legal Method

Palgrave

Nobody's Law
shows how people –
who are

disappointed,
disenchanted, and
outraged about the
justice system –
gradually move
away from law.

Using detailed case
studies and
combining different
theoretical

Get Free Legal Method

Perspectives, this book explores the legal consciousness of ordinary people, businessmen, and street-level bureaucrats in the Netherlands. The empirical research in this study tells an original and alternative narrative about the role of law in

Get Free Legal Method

everyday life. While previous studies emphasize the law 's hegemony and argue that it 's ' all over ' , Hertogh shows that legal proliferation makes it harder for people to know, and subsequently identify with, the law. As a result, official law has

Get Free Legal Method

become increasingly remote and irrelevant to many people. The central finding presented in this highly topical text is that these developments signal a process of ‘ legal alienation ’ — a gradual and mundane process with potentially

Get Free Legal Method

Serious

consequences for
the legitimacy of
law. A timely and
original study, this
book will be of
particular interest
to scholars in the
fields of law and
society, socio-legal
studies and legal
theory.

Practicing

Page 47/66

Get Free Legal Method

Ethnography in Law brings together a selection of top scholars in legal anthropology, social sciences, and law to delineate the state of the art in ethnographic research strategies. Each of these original essays addresses a particular set of

Get Free Legal Method

analytical problems
and uses these
problems to explore
issues of

ethnographic
technique, research
methodology, and
the theoretical
underpinnings of
ethnographic legal
studies. Subjects
explored include
the relationship
between legal and

Get Free Legal Method

feminist
scholarship,
between law and
the media, law and
globalization, and
the usefulness of a
wide variety of
research
techniques:
comparative,
linguistic, life-
history, interview,
and archival. This
volume will serve

Get Free Legal Method

as a guide for students who are designing their own research projects, for scholars who are newly exploring the possibilities of ethnographic research, and for experienced ethnographers who are engaged with methodological issues in light of

Get Free Legal Method

current theoretical developments. The book will be essential reading for courses in anthropological methods, legal anthropology, and sociology and law.

The law serves a function that is not often taken seriously enough by

Get Free Legal Method

ethicists, namely
practicability. A
consequence of
practicability is that
law requires
elaborated and
explicit
methodologies that
determine how to
do things with
norms. This
consequence forms
the core idea behind
this book, which

Get Free Legal Method

employs methods from legal theory to inform and examine debates on methodology in applied ethics, particularly bioethics. It is argued that almost all legal methods have counterparts in applied ethics, which indicates that much can be gained

Get Free Legal Method

from comparative study of the two. The author first outlines methods as used in legal theory, focusing on deductive reasoning with statutes as well as analogical reasoning with precedent cases. He then examines three representative

Get Free Legal Method

kinds of
contemporary
ethical theories,
Beauchamp and
Childress ' s
principlism, Jonsen
and Toulmin ' s
casuistry, and two
versions of consequ
entialism—Singer ' s
preference
utilitarianism and
Hooker ' s rule-cons
quentialism—with

Get Free Legal Method

regards to their
methods. These
examinations lead
to the

Morisprudence
Model for methods
in applied ethics.

The aim of this
book is to explain in
clear terms some of
the main
methodological
approaches in legal

Get Free Legal Method

research. This is an edited collection, with each chapter written by specialists in their field, researching in a variety of jurisdictions. Each contributor addresses the topic of "lay decision makers in the legal system" from one particular

Get Free Legal Method

methodological
perspective,
explaining how they
would approach the
issue and
discussing why
their particular
method might, or
might not, be suited
to this topic. In
asking all
contributors to
focus on the same
topic, the editors

Get Free Legal Method

have sought to provide a common link throughout the text, thereby providing the reader with an opportunity to draw comparisons between methods with relative ease. In light of the broad geographical range of its contributors, the book is aimed at

Get Free Legal Method

an international readership. This book will be of particular interest to PhD students in law, but it will also be of use to undergraduate dissertation students in law, LL.M Research students as well as prospective PhD students and early

Get Free Legal Method

year researchers.

Socio-legal studies
have had an

ambivalent
relationship with
the 'legal' – one of
its defining aspects,
but at the same
time one that the
discipline has
sought to transcend
or even leave
behind. While socio-

Get Free Legal Method

Legal studies benefit hugely from the insights, methods and theories of other social science and humanity disciplines, the contributions to Exploring the 'Legal' in Socio-Legal Studies illustrate the value of a focus on the 'legal'. The chapters

Get Free Legal Method

in this book
combine traditional
legal materials and
analyses with other
ways of engaging
empirically with the
'legal'. They
illustrate the rich
potential of the
'legal' as a site both
for theoretical and
methodological
reflection and for
case study analysis.

Get Free Legal Method

Taken as a whole,
this volume
demonstrates that
methodological
discussion is most
helpful when rooted
in empirical cases,
and that the best
case studies also
help us to develop
our methodologies.
Bringing
methodology and
empirical analysis

Get Free Legal Method

together offers an opportunity to reflect on socio-legal studies and develop the discipline in productive new directions.
