An intensive language study program designed to increase reading and spelling expertise through exploring a multitude of phonetic possibilities. For students with a spelling and reading age of 12+ years.

Nelson Spelling provides excellent and thorough coverage of the word level requirements of the Literacy Strategy for developing spelling, phonological awareness, word recognition

and graphic knowledge. The books are sequenced for progression and contain three levels of differentiation designed for a wide range of abilities.

This chemistry text is written to match exactly the specification for teaching Advanced Chemistry from September 2000. There are two strands, AS and A2, with student books. The accompanying resource packs are also available on CD-ROM.

American English in Mind is an integrated, four-skills course for beginner to advanced teenage learners of American English. The American English in Mind Level 1 Workbook provides language and skills practice for each Student's Book unit. The Workbook can be used both in the classroom and at home. Listening exercises utilize audio tracks found on the DVD-ROM accompanying the Student's Book.

A computer is very useful, but expensive. When you want to buy a new computer, you have to look for ways to save money. Have you ever saved up your money to buy something? What are some ways you can save money? In this book, you'll not only learn you'll not only learn about different ways a family saves money, but you'll also learn about unit prices, ratios, rates, and price comparisons. Concepts include division, multiplication, and decimals. Remember to shop wisely!

This book is written for the latest Physics GCE O Level syllabus. It is structured in a way to effectively increase the understanding of Physics concepts. The questions are grouped into units according to the major topics in the syllabus. Within each unit, similar questions are grouped together. In most groups, variables are added to each subsequent question to increase the difficulty level.

Interchange Fourth Edition is a four-level series for adult and young-adult learners of English from the beginning to the high-intermediate level.

'Let's talk second edition' is a revised edition of let's talk, the speaking and listening course that takes students from a high-beginning to a high-intermediate level. Like the first edition, this three-level course in American English is designed to develop oral communication skills and increase fluency. Unique twists on topics draw students into conversations, and engaging activities guarantee maximum talking time. Features of the new edition include more systematic presentation and recycling of structures and vocabulary, increased focus on communication activities, and Expansion review sections every four units. The expanded Self-study section includes grammar, listening, and vocabulary practice, offering students additional opportunities for review and consolidation. Grammar paradigms and listening texts are included on the self-study audio CD packaged with the Student's Book.

This brand new edition of English in Mind revises and updates a course which has proven to be a perfect fit for classes the world over. Engaging content and a strong focus on grammar and vocabulary combine to make this course a hit with both teachers and students. --Book Jacket.
