"Omar wants to win--he's determined to be the fastest and the best at everything. Even if that means upsetting people slower than him. Then a strange compass gets him lost in a thick tropical rain forest, face-to-face with deadly spiders, poisonous snakes--and Bear Grylls. Together, they must find a way through the dangerous undergrowth and cross crock-infested waters ... Can Omar slow down, take it steady and learn the jungle law?"--Page [4] cover.

Never underestimate the power of the bean. Tucker MacBean has been drawing comic books almost as long as he's been reading them. When his favorite comic has a contest for kids, he hopes he has finally found a way to fix his family--all he has to do is create the winning superhero sidekick . . . Introducing "Beanboy"--the first comic book character to truly harness the power of the bean for good. He is strong, he is relentless, he can double in size overnight (if given enough water). With thoughtful characterizations and copious comic book illustrations, this laughout-loud novel will have readers rooting for a superhero with true heart.

Hindu mythology can easily become a bewildering subject. There are a vast number of gods, demigods and supernatural beings (some writers refer to as many as 330 million deities). More than this, the beliefs concerning them, their roles in religious practice, and their manifestations in different texts vary according to time, place, and tradition throughout India's vast territory and long history. For anyone interested in the subject, or for anyone approaching an epic such as the Mahabharata, a good guide is needed, and none has equaled Hindu Mythology, Vedic and Puranic by W.J. Wilkins for completeness and clarity.

Rainbow Boa snakes are among the most beautiful snakes in the world. In fact, because they are aesthetically appealing, possess calm personalities and remain smaller than many gigantic constrictors, rainbow boas have become some of the most popular snakes in the world.This popularity has led many keepers to breed rainbow boas, thereby making it easy for enthusiasts to work with these snakes. Whereas snake hobbyists in the past only had access to imported, wild-caught individuals, who were irritable and riddled with parasites, modern keepers can choose from the scads of captive bred rainbow boas produced each year.

Michelangelo's creation of the monumental frescos in the Sistine Chapel marked a revolutionary event in Western art. Now, another revolutionary event has occurred: a nine-year restoration, carried out by experts at the Vatican Museums and described and illustrated in this incredible work. 312 illustrations, 293 in full color; gatefold.
