This compilation of medical and forensic science questions from crime writers around the world provides insight into medical and forensic science as well as a glimpse into the writer's creative mind. How do hallucinogenic drugs affect a blind person? Will snake venom injected into fruit cause death? How would you perform CPR in a helicopter? What happens when someone swallows razor blades? How long does it take blood to dry? Can DNA be obtained from a half-eaten bagel? D. P. Lyle, MD, answers these and many more intriguing questions. The book is a useful and entertaining resource for writers and screenwriters, helping them find the information they need to frame a situation and write a convincing description. TV viewers, readers who enjoy crime fiction, and those

More Good Old Stuff, a classic collection of short fiction from crime writer John D. MacDonald, the beloved author of Cape Fear and the Travis McGee series, is now available as an eBook. The companion to The Good Old Stuff, this anthology features fourteen more early stories by one of America's premier authors of hard-boiled noir. Culled from the hundreds that John D. MacDonald published in the wildly popular pulp magazines of the 1940s and '50s, these are electrifying tales

of murder, corruption, intrigue, and revenge: a serial widow making a fortune by murdering her husbands . . . an amnesiac being watched by the mob . . . an ex-cop trying to crack the case that nearly wrecked his life. All are told through MacDonald's vivid language and taut storytelling—the hallmarks of a writer who holds a distinguished place in the popular canon. This collection includes “Deadly Damsel,” “State Police Report That . . .,” “Death for Sale,” “A Corpse in His Dreams,” “I Accuse Myself,” “A Place to Live,” “Neighborly Interest,” “The Night Is Over,” “Secret Stain,” “Even Up the Odds,” “Verdict,” “The High Gray Walls of Hate,” “Unmarried Widow,” and “You Remember Jeannie.” Features a new Introduction by Dean Koontz Praise for John D. MacDonald “The great entertainer of our age, and a mesmerizing storyteller.”—Stephen King “My favorite

MacDonald would be a treasure on the order of the tomb of Tutankhamen.”—Kurt Vonnegut “A master storyteller, a masterful suspense writer . . . John D. MacDonald is a shining example for all of us in the field. Talk about the best.”—Mary Higgins Clark

During the past quarter century, free-market capitalism was recognized not merely as a successful system of wealth creation, but as the key determinant of the health of political and cultural democracy. Now, renowned British journalist and historian Godfrey Hodgson takes aim at this popular view in a book that promises to become one of the most important political histories of our time. *More Equal Than Others* looks back on twenty-five years of what Hodgson calls "the

conservative ascendancy" in America, demonstrating how it has come to dominate American politics. Hodgson disputes the notion that the rise of conservatism has spread affluence and equality to the American people. Quite the contrary, he writes, the most distinctive feature of American society in the closing years of the twentieth century was its great and growing inequality. He argues that the combination of conservative ideology and corporate power and dominance by mass media obsessed with lifestyle and celebrity have caused America to abandon much of what was best in its past. In fact, he writes, income and wealth inequality have become so extreme that America now resembles the class-stratified societies of early twentieth-century Europe. More Equal Than Others addresses a broad range of issues, with chapters on politics, the new economy, immigration,

technology, women, race, and foreign policy, among others. A fitting sequel to the author's critically acclaimed *America In Our Time*, *More Equal Than Others* is not only an outstanding synthesis of history, but a trenchant commentary on the state of the American Dream.

Hans Fallada was a drug addict, womanizer, alcoholic, jailbird and thief. Yet he was also one of the most extraordinary storytellers of the twentieth century, whose novels, including *Alone in Berlin*, portrayed ordinary people in terrible times with a powerful humanity. This acclaimed biography, newly revised and completely updated, tells the remarkable story of Hans Fallada, whose real name was Rudolf Ditzen. Jenny Williams chronicles his turbulent life as a writer, husband and father, shadowed by mental torment and long periods in

psychiatric care. She shows how Ditzen's decision to remain in Nazi Germany in 1939 led to his self-destruction, but also made him a unique witness to his country's turmoil. *More Lives Than One* unpicks the contradictory, flawed and fascinating life of a writer who saw the worst of humanity, yet maintained his belief in the decency of the 'little man'.

More Plums in One. The adventures continue for Stephanie Plum, Trenton's best-known bounty hunter, in these three Complete Plum Novels from #1 Bestselling Author Janet Evanovich! *Four to Score:* Stephanie Plum is forced to enlist the help of Grandma Mazur, ex-hooker and wannabe bounty hunter Lula, and transvestite rock musician Sally Sweet in an attempt to capture revenge-seeking waitress Maxine Nowicki. Threatening messages, murder, firebombs, and

archnemesis Joyce Barnhardt pale in comparison to the greatest danger of all when, homeless and broke, Stephanie and her hamster, Rex, move in with vice cop Joe Morelli. High Five: Out of bail skippers and rent money, Stephanie throws caution to the wind and follows in the entrepreneurial footsteps of Super Bounty Hunter Ranger, engaging in morally correct and marginally legal enterprises. Stephanie's problems escalate when homicidal rapist Benito Ramirez returns, her Uncle Fred disappears, a nasty bookie starts following her around town, and she has nothing to wear to the Mafia wedding. Hot Six: Stephanie Plum and Trenton vice cop Joe Morelli join forces to find the madman killer who shot and barbecued the youngest son of international black-market arms dealer Alexander Ramos. The man wanted for the crime is Carlos Manoso, street name Ranger. Minutes before the

Bad enough Stephanie has to bring in the man who taught her everything she knows about fugitive apprehension, now her maternal grandmother has moved in and a dog with an eating disorder has adopted her. One unbeatable bestselling author. Three classic Stephanie Plum stories. Criminally original and stone brilliant, this Intermediate Bounty Hunting Survival Manual is blockbuster entertainment.
