Etymology 'Mama' and 'papa' use speech sounds that are among the easiest to produce: bilabials like /m/, /p/, and /b/, and

the open vowel /a/. They are, therefore, often among the first word-like sounds made by babbling babies (babble words), and parents tend to associate the first sound babies make with themselves and to employ them subsequently as part of their baby-talk lexicon.

The Mamas and the Papas were the royal family of American rock-not because their music kept growing and progressing to plateau after plateau of greatness (it didn't), but because they were the first, with the Spoonful, of the big American groups, the first, that is, since the Beatles. Besides, they looked regal. John Phillips, tall and stately, looked like Everyking, Cass Elliot, majestic ...

Animal babies sing a song of love to their parents in this unique flip board book. Read the gentle Mama Mama, then turn the book over to share the reassuring words of Papa Papa. A comforting board book to be read two ways, perfect for all children and the parents who love them. Two popular titles, now sold as one!

A young girl describes what a typical day is like in her parents' Chinese store in Guatemala City, Guatemala.

The true story of the love of a couple whose marriage spanned 61 years, *The Love Story of Papa and Mama Knopp* will show you how the love of two people can affect the world around them. Papa and Mama themselves contributed most of the material through their words and Papa's writings and recordings. They met and married after World War II, and as a young pastor, Papa struggled to provide for their growing brood. Those struggles in raising nine boys stretched their faith and endurance and taught them self-sacrifice, which was later passed on to the church family. Their children called them Papa and Mama, and some of the antics of those nine boys are described in the book. The people in their church also called them Papa and Mama, and they came to be known as Papa and Mama to thousands of people. Most of these people met them in their home in Staunton, Virginia, where they were inspired by the Knopps' family life, their love for others, their humility, and their faith. And most of those people have moved away and live around the country and even around the world today. The lives of the Knopps have therefore had an impact on the world.

From the creator of the best-selling *God Gave Us You* comes a warm exploration of the ways parents show affection--and how it mirrors God's affection for his followers. Parents are always looking out for the perfect bedtime book to create a sense of well-being before a night of rest. *Mama Kisses, Papa Hugs* explores a child's curiosity about how love is shown between parent and child, with the reassurance that Mama and Papa will always love their little one. And like Lisa Tawn Bergren's young protagonist asks his mother, this question is pressing on the minds of many children: "Mama, how does God kiss us?" Mama smiled. "He kisses us a hundred times a day; although if you don't pay attention, you might miss it." "At night he kisses us with a shooting star. In the morning, he kisses us with sunlight, crawling across the fields and into our windows. On a hot summer afternoon, he kisses us with a gentle breeze. But most of all, he kisses us through our family. That's how God made us. That's why I give you Mama kisses."

An original Afro/Caribbean creation story, featuring a humorous dialogue between Mama God and Papa God as they busy themselves with the task of creating the universe.

Momma and Papa Goose Book of Rhymes is an interactive experience for all types of families. With easy-to-follow stories,

this book is designed to include all members of the family while instilling a biblical foundation. The book of rhymes has twelve anecdotal stories with reference to common nursery rhymes. These stories create interest in learning about the Bible in a simple way, and parents and children can draw on their own imaginations while reading through these familiar stories. The content is authentic, and parents can reference scripture to open the door to future conversations about spiritual lessons. The versatility of the book allows for children of all ages to read alone or in groups with anticipation and excitement.

Curl up in a cozy corner with a collection of experiences from a preacher's kid (PK) viewpoint. These stories have simmered for over twenty years in scribbled form, squeezed out between life's more pressing responsibilities. Papa always thought if he could not do the job at a church in two years, it was time to move to another church. So we girls had many fresh adventures and met many different kinds of people in the ten churches he served while we were growing up. Our parents taught us biblical principles by their example in life situations. They walked the talk before it was a popular phrase. They demonstrated the fruit of the Spirit in their daily lives. Sit back and experience life adventures through the eyes of a PK.
