Please Don't Touch is a book of poetry by the artist Moan Lisa, who was writing under the pen name Maria Morisot during the poems' conception. They

## Read Online Please Don T Touch

are poems from the heart, on the subjects of loss, of love, and of letting go.

Teaching Self-Respect Through Example: Don't Touch My Hair is based on the experience of many children and adults who deal with microaggressions daily. The story follows a variety of children with different hair textures and protective hairstyles as they stand up to racism. The goal of this story is to teach children with curly, kinky hair to love and stand up for their hair.

Teach your child it's ok to say no, stop or don't touch their hair. Boundaries are taught in many different way about many different parts of the body and our hair should also be included.

An entertaining picture book that teaches the importance of asking for permission first as a young girl attempts to escape the curious hands that want to touch her hair. It seems that wherever Aria goes, someone wants to touch her hair. In the street, strangers reach for her fluffy curls; and even under the sea, in the jungle, and in space, she's chased by a mermaid, monkeys, and poked by aliens...until, finally, Aria has had enough! Author-illustrator Sharee Miller takes the tradition of appreciation of black hair to a new, fresh, level as she doesn't seek to convince or remind young readers that their curls are beautiful--she simply acknowledges black beauty while telling a fun, imaginative story.

Funny sarcastic blank lined notebook for writing. Great gift for men and women for any occasion. 120 pages, 6"x9" handy size.

'Groundbreaking, rich, heartbreaking . . . a highly charged history' Guardian Straightened. Stigmatised. 'Tamed'. Celebrated. Erased. Managed. Appropriated. Forever misunderstood. Black hair is never 'just hair'. This book is about why black hair matters and how it can be viewed as a blueprint for decolonisation. Over a series of wry, informed essays, Emma Dabiri takes us from pre-colonial Africa, through the Harlem Renaissance, Black Power and on to today's Natural Hair Movement, the Cultural Appropriation Wars and beyond. We look everything from hair capitalists like Madam C.J. Walker in the early 1900s to the rise of Shea Moisture today, from women's solidarity and friendship to 'black people time', forgotten African scholars and the dubious provenance of Kim Kardashian's braids. The scope of black hairstyling ranges from pop culture to cosmology, from prehistoric times to the (afro)futuristic. Uncovering sophisticated indigenous mathematical systems in black hairstyles, alongside styles that served as secret intelligence networks leading enslaved Africans to freedom, Don't Touch My Hair proves that far from being only hair, black hairstyling culture can be understood as an allegory for black oppression and, ultimately, liberation.

Personalised Homework Book Notepad Notebook Composition and Journal Gratitude Diary Paperback notebook 6.0" x 9.0". Approximately 100 pages in all. Great to have with you when you need to make those little notes at short notice. Would make a great Christmas or birthday gift for a friend or a family member. Sabrina is entering Grade 4 and she has become a bully. She is not doing well in school and is more fascinated with boys than getting good grades. She finds herself doing things that children her age should not be doing/ Let's see how Sabrina's past will impact her life as she journeys through middle school.

Step on a crack, break your mother's back, Touch another person's skin, and Dad's gone for good . . . Caddie has a history of magical thinking—of playing games in her head to cope with her surroundings—but it's never been this bad before. When her parents split up, Don't touch becomes Caddie's mantra. Maybe if she keeps from touching another person's skin, Dad will come home. She knows it doesn't make sense, but her games have never been logical. Soon, despite Alabama's humidity, she's covering every inch of her skin and wearing evening gloves to school. And that's where things get tricky. Even though Caddie's the new girl, it's hard to pass off her compulsions as artistic quirks. Friends notice things. Her drama class is all about interacting with her scene partners, especially Peter, who's auditioning for the role of Hamlet. Caddie desperately wants to play Ophelia, but if she does, she'll have to touch Peter . . . and kiss him. Part of Caddie would love nothing more than to kiss Peter—but the other part isn't sure she's brave enough to let herself fall. From rising star Rachel M. Wilson comes a powerful, moving debut novel of the friendship and love that are there for us, if only we'll let them in.
