For further details, you need to have a look at the Sheikh's book 'Hadha Walidi' (Damascus: Dar Al-Fikr, 1997), pages 101 to 104. In the book, as in the interview, he does not deny 'Ar-Rabita' outright, but explains that the modern understanding of 'Ar-Rabita', which is to picture or imagine the Sheikh while doing dhikr of Allah, is bida'. This is also the opinion of his father, Sheikh Mullah Ramadan Al-Bouti, may Allah have mercy on him.

~~[HOT!] Fiqh Sirah 2 Ramadan Al Buti Pdf~~

However, Ramadan al-Bouti negates this argument by
his keen observation of the famous book Al-
Muqaddima penned by Ibn khaldun. In this book, Ibn
Khaldun elucidates the significance of adhering to
Madhhabs. The book also sheds the light upon the
adverse impacts of anti-madhabism in the Oriental
Muslim societies in nineteenth century.

Salafi: "I read the Imams' opinions in [Nayl al-awtar, by] Shawkani, Subul al-salam [by al-Amir al-San'ani], and Fiqh al-sunna by Sayyid Sabiq." Buti: These are the books of the opponents of the four Imams on this question.

~~Discussion between Sa'id al-Buti and a Salafi Teacher~~
Then when al-Bootee wrote his book 'laa madh-habiyyah' in which he launched even more attacks against Ahlus Sunnah, Shaykh Naasir renewed his efforts to open a discussion with al-Bootee, writing a letter to him which commenced with Surah al-Asr. This meeting did take place and took more than three hours.

While Syria has been dominated since the 1960s by a determinedly secular regime, the 2011 uprising has raised many questions about the role of Islam in the country's politics. This book demonstrates that with the eradication of the Muslim Brothers after the failed insurrection of 1982, Sunni men of religion became the only voice of the Islamic trend in the country. Through educational programs, charitable foundations and their deft handling of tribal and merchant networks, they took advantage of popular disaffection with secular ideologies to increase their influence over society. In recent years, with the Islamic resurgence, the Alawi-dominated Ba'thist regime was compelled to bring the clergy into the political fold. This relationship was exposed in 2011 by the division of the Sunni clergy between regime supporters, bystanders and opponents. This book affords a new perspective on Syrian society as it stands at the crossroads of political and social fragmentation.

In the wake of the news that the 9/11 hijackers had lived in Europe, journalist Ian Johnson wondered how such a radical group could sink roots into Western soil. Most accounts reached back twenty years, to U.S. support of Islamist fighters in Afghanistan. But Johnson dug deeper, to the start of the Cold War, uncovering the untold story of a group of ex-Soviet Muslims who had defected to Germany during World War II. There, they had been fashioned into a well-oiled anti-Soviet propaganda machine. As that war ended and the Cold War began, West German and U.S. intelligence agents vied for control of this

influential group, and at the center of the covert tug of war was a quiet mosque in Munich—radical Islam’s first beachhead in the West. Culled from an array of sources, including newly declassified documents, *A Mosque in Munich* interweaves the stories of several key players: a Nazi scholar turned postwar spymaster; key Muslim leaders across the globe, including members of the Muslim Brotherhood; and naïve CIA men eager to fight communism with a new weapon, Islam. A rare ground-level look at Cold War spying and a revelatory account of the West’s first, disastrous encounter with radical Islam, *A Mosque in Munich* is as captivating as it is crucial to our understanding the mistakes we are still making in our relationship with Islamists today

Named by Time magazine as one of the 100 most important innovators of the century, Tariq Ramadan is a leading Muslim scholar, with a large following especially among young European and American Muslims. Now, in his first book written for a wide audience, he offers a marvelous biography of the Prophet Muhammad, one that highlights the spiritual and ethical teachings of one of the most influential figures in human history. *In the Footsteps of the Prophet* is a fresh and perceptive look at Muhammad, capturing a life that was often eventful, gripping, and highly charged. Ramadan provides both an intimate portrait of a man who was shy, kind, but determined, as well as a dramatic chronicle of a leader who launched a great religion and inspired a vast empire. More important, Ramadan presents the main events of the Prophet's life in a way that highlights his spiritual and ethical teachings. The book underscores

the significance of the Prophet's example for some of today's most controversial issues, such as the treatment of the poor, the role of women, Islamic criminal punishments, war, racism, and relations with other religions. Selecting those facts and stories from which we can draw a profound and vivid spiritual picture, the author asks how can the Prophet's life remain -- or become again -- an example, a model, and an inspiration? And how can Muslims move from formalism -- a fixation on ritual -- toward a committed spiritual and social presence? In this thoughtful and engaging biography, Ramadan offers Muslims a new understanding of Muhammad's life and he introduces non-Muslims not just to the story of the Prophet, but to the spiritual and ethical riches of Islam.
