it is really spoken and written in Israel today. The author pays particular attention to functional distinctions, giving equal weight to colloquial and formal usage.

This organized, accessible guide to all aspects of contemporary Hebrew grammar presents the basic structures of the language. It uses a minimum of specialized linguistic terminology to analyze grammatical categories, phrases, expressions, and the construction of clauses and sentences. Verb and noun tables are provided as well as a comprehensive index in this useful teaching resource and easy-to-use reference tool.

This work is intended to serve as a user-friendly and up-to-date source of information on the morphology, syntax, semantics and pragmatics of Biblical Hebrew verbs, nouns and other word classes (prepositions, conjunctions, adverbs, modal words, negatives, focus particles, discourse markers, interrogatives and interjections). It also contains one of the most elaborate treatments of Biblical Hebrew word order yet published in a grammar. This reference grammar will be of service to students who have completed an introductory or intermediate course in Biblical Hebrew, and also to more advanced scholars seeking to take advantage of traditional and recent descriptions of the language that go beyond the basic morphology of Biblical Hebrew.

This third edition of *Modern Hebrew: An Essential Grammar* is an up-to-date and practical reference guide to the most important aspects of modern Hebrew, as used by contemporary native speakers of the language. Presenting an accessible description of the language, this user-friendly text focuses on the real patterns of use today. A reference source for the learner and user of Hebrew irrespective of level, it sets out the complexities of the language in short, readable sections that are clear and free from jargon. Features of this updated edition include: * expanded coverage of nouns, verbs and adjectives * more examples throughout * a full exercise key * a glossary of grammatical terms. Well presented and easy to use, *Modern Hebrew: An Essential Grammar* is ideal either for independent study or for students in schools, colleges, universities and adult education.

conjunctions, adverbs, modal words, negatives, focus particles, discourse markers, interrogatives and interjections). It also contains one of the most elaborate treatments of Biblical Hebrew word order yet published in a grammar. Compiled by authors with extensive experience in the teaching of Hebrew, the text is rendered both easily accessible and a fascinating examination of the language, building upon the initial publication by incorporating up-to-date developments in the study of the Hebrew Bible. This grammar will be of service both to students who have completed an introductory or intermediate course in Biblical Hebrew, and also to more advanced scholars seeking to take advantage of traditional and recent descriptions of the language that go beyond the basic morphology of Biblical Hebrew.

Routledge Revivals presents a reissue of Noam Chomsky ' s MA thesis, written in 1951, and first published in 1979. Morphophonemics of Modern Hebrew is a landmark study in linguistics and generative phonology, which provides not only an analysis of morphophonemics but of the entire grammar of Modern Hebrew from syntax to phonology. Professor Chomsky ' s goal in this thesis is nothing less than a complete generative grammar of the Hebrew language. This work is of singular importance as it contains the genesis of the author ' s work in the field of generative grammar which has had such a profound impact upon the study of linguistics. This reissue of a truly pioneering work will be of great interest to all those concerned with generative grammar and its origins, and with the progression of thought of one of the greatest minds of our time.

A textbook for the beginner and intermediate student of Hebrew verb patterns, binyanim. This is a combination textbook and workbook, and includes an answer key so one can check his or her progress. Features for the beginner include an interesting way of learning the alphabet, as well as a method of writing English or foreign words in Hebrew. For the intermediate student, there are diagrams and tables to aid self-study, as well as a listing of more than 1200 verbs.
