Renegade means someone who rebels against her cause, and I believe that's exactly happened in this book, what a perfect name. Sixteen-year-old Evelyn Winters was raised and trained to be Daughter of People, to rule over the underwater utopia known as Elysium. her life was close to perfect, or at least that's what she believed.

Renegade (The Elysium Chronicles, #1) by J.A. Souders

J.A. Souders's haunting debut—Renegade Since the age of three, sixteen-year-old Evelyn Winters has trained to be Daughter of the People in the underwater utopia known as Elysium. Selected from hundreds of children for her ideal genes, all her life she's believed that everything is perfect.

J.A. Souders's haunting debut—Renegade Since the age of three, sixteen-year-old Evelyn Winters has trained to be Daughter of the People in the underwater utopia known as Elysium. Selected from hundreds of children for her ideal genes, all her life she's believed that everything is perfect. Her world. Her people. The Law. But when Gavin Hunter, a Surface Dweller, accidentally stumbles into Elysium's secluded little world, Evelyn comes to a startling realization: Everything she knows is a lie. Her memories have been altered. Her mind and body aren't under her own control. And the person she knows as Mother is a monster. Together with Gavin she plans her escape, only to learn that her own mind is a ticking time bomb...and Mother has one last secret that will destroy them all. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

In this conclusion to J. A. Souders's thrilling, twist-filled Elysium Chronicles series, Evie Winters and Gavin Hunter return to the isolated, dangerous underwater city that they fought so hard to escape. Back in Elysium at last, Evie has finally found her true self hidden under layers and layers of false memories implanted by the woman she knew as Mother. Thanks to the intervention of her father, she knows the horrible truth about Mother and her insidious plans for the city. With the help of the love of her life, Gavin, and her best friend, Asher St. James, Evie is determined to free her people from the cruel dictatorship of Mother's laws. But how do you free people who don't know they need rescuing? Working with the growing Underground rebellion, Evie tries to remove Mother from her position by force—with disastrous results. As the body count rises, Evie must find a way to save Elysium before Mother destroys them all. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Elysium Chronicles, J.A. Souders' riveting SF series for teens which began with the psychological thriller Renegade, continues in Revelations. Six weeks after her arrival on the Surface, Evelyn Winters is no closer to unlocking the memories lost in her subconscious than she was when she first came. Isolated in a strange new society, Evie has only Gavin Hunter to remind her of who she once was. But even with a clean slate, it's easy to see that Evie doesn't fit in on the Surface. And as her differences make her feel more and more alone, she can't help but yearn for that place she doesn't remember: the isolated city hidden in the depths of the ocean. Elysium. Home. But she can't exactly tell Gavin what she's feeling. Not when he's the one who helped her escape Elysium in the first place, and has the scars to prove it. Though the doctors say otherwise, Gavin believes that Evie just needs time. And if her memories don't come back, well, maybe she's better off not remembering her past. But the decision may be out of their hands when Evie's ever-elusive memories begin to collide with reality. People and images from her past appear in the most unlikely places, haunting her, provoking her...and making her seem not only strange but dangerous. Evie and Gavin can't wait around for her memories to return. They'll have to journey across the Outlands of the Surface to find help, and in the end, their search may just lead them back to the place it all started... At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

As plague ravages the overcrowded Earth, observed by a ruthless lunar people, Cinder, a gifted mechanic and cyborg, becomes involved with handsome Prince Kai and must uncover secrets about her past in order to protect the world in this futuristic take onthe Cinderella story.

New York, Los Angeles, and Washington, D.C., have been abandoned. The Bill of Rights has been revoked, and replaced with the Moral Statutes. There are no more police—instead, there are soldiers. There are no more fines for bad behavior—instead, there are arrests, trials, and maybe worse. People who get arrested usually don't come back. Seventeen-year-old Ember Miller is old enough to remember that things weren't always this way. Living with her rebellious single mother, it's hard for her to forget that people weren't always arrested for reading the wrong books or staying out after dark. It's hard to forget that life in the United States used to be different. Ember has perfected the art of keeping a low profile. She knows how to get the things she needs, like food stamps and hand-me-down clothes, and how to pass the random home inspections by the military. Her life is as close to peaceful as circumstances allow. That is, until her mother is arrested for noncompliance with Article 5 of the Moral Statutes. And one of the arresting officers is none other than Chase Jennings...the only boy Ember has ever loved. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Romance, science fiction, action, and a look at the false assumptions we make about others combine in this light-hearted, fun, and well-conceived science fiction future. Only She Can Save the World. Eighteen-year-old Jarra has a lot to prove. After being awarded one of the military 's highest honors for her role in a daring rescue attempt, she finds herself—and her Ape status—in the spotlight. Jarra is one of the unlucky few born with an immune system that cannot survive on other planets. Derided as an "ape" —a "throwback"—by the rest of the universe, she is on a mission to prove that Earth Girls are just as good as anyone else. Except now the planet she loves is under threat by what could be humanity 's first ever alien contact. Jarra 's bravery—and specialist knowledge—will once again be at the center of the maelstrom, but will the rest of the universe consider Earth worth fighting for? From the Hardcover edition.

Welcome to Urban Monad 116. Reaching nearly two miles into the sky, the one thousand stories of this building are home to over eight hundred thousand people living in peace and harmony. In the year 2381 with a world population of over seventy-five billion souls, the massive Urbrmon system is humanity 's salvation. Life in Urbrmon 116 is highly regulated, life is cherished, and the culture of procreation is seen as the highest pinnacle of god 's plan. Conflict is abhorred, and any who disturb the peace face harsh punishment—even being sent "down the chute" to be recycled as fertilizer. Jason Quevedo, a historian, searches records of the twentieth century hoping to find the root of his discontent with the perfection of Urbrmon life. Siegmund Kløver, a young and ambitious administrator, strives to reach the top levels of the Urbrmon 's government and discovers the civilization 's dark truths. Michael Stalter, a computer engineer, harbors a forbidden desire. He dreams of leaving the building—of walking in the open air and visiting the far-off sea. This is a dream he must keep secret. If anyone were to find out, he 'd face the worst punishment imaginable. The World Inside is a fascinating exploration of society and what makes us human, told by a master of speculative fiction. The World Inside is a 1971 Hugo Award Nominee for Best Novella.

Jerry the mouse is hiding in this book—follow Tom the cat as he hunts through the pages for his foe.

Many Americans wish to believe that the United States, founded in religious tolerance, has gradually and naturally established a secular public sphere that is equally tolerant of all religions—or none. Culture and Redemption suggests otherwise. Tracy Fessenden contends that the uneven separation of church and state in America, far from safeguarding an arena for democratic flourishing, has functioned instead to promote particular forms of religious possibility while containing, suppressing, or excluding others. At a moment when questions about the appropriate role of religion in public life have become trenchant as never before, Culture and Redemption radically challenges conventional depictions—celebratory or damning—of America's "secular" public sphere. Examining American legal cases, children's books, sermons, and polemics together with popular and classic works of literature from the seventeenth to the twentieth centuries, Culture and Redemption shows how the vaunted secularization of American culture proceeds not as an inevitable by-product of modernity, but instead through concerted attempts to render dominant forms of Protestant identity continuous with democratic, civil identity. Fessenden shows this process to be thoroughly implicated, moreover, in practices of often-violent exclusion that go to the making of national culture: Indian removals, forced acculturations of religious and other minorities, internal and external colonizations, and exacting constructions of sex and gender. Her new readings of Emerson, Whitman, Melville, Stowe, Twain, Gilman, Fitzgerald, and others who address themselves to these dynamics in intricate and often unexpected ways advance a major reinterpretation of American writing.
