Saints and Social Justice: A Guide to the Changing World ...

Social justice has always been a tenet of Catholicism, but it has come into its own realm as of late, especially with the election of a Jesuit, Pope Francis, to the Vatican's highest office. In this highly readable volume, author Brandon Vogt observes that Catholic social teaching is often underappreciated, and this aspect of the Church is often misunderstood and disconnected from the traditional view of the Church.

What is social justice? For Friedrich Hayek, it was a mirage—a meaningless, ideological, incoherent, vacuous cliché. He believed the term should be avoided, abandoned, and allowed to die a natural death. For its proponents, social justice is a catchall term that can be used to justify any progressive-sounding government program. It endures because it venerates its champions and brands its opponents as supporters of social injustice, and thus as enemies of humankind. As an ideological marker, social justice always works best when it is not too sharply defined. In Social Justice Isn't What You Think It Is, Michael Novak and Paul Adams seek to clarify the true meaning of social justice and to rescue it from its ideological captors. In examining figures ranging from Antonio Rosmini, Abraham Lincoln, and Hayek, to Popes Leo XIII, John Paul II, and Francis, the authors reveal that social justice is not a synonym for "progressive" government as we have come to believe. Rather, it is a virtue rooted in Catholic social teaching and developed as an alternative to the unchecked power of the state. Almost all social workers see themselves as progressives, not conservatives. Yet many of their "best practices" aim to empower families and local communities. They stress not individual or state, but the vast social space between them. Left and right surprisingly meet. In this surprising reintroduction of its original intention, social justice represents an immensely powerful virtue for nurturing personal responsibility and building the human communities that can counter the widespread surrender to an ever-growing state.

This volume brings into dialogue the ancient wisdom of Augustine of Hippo, a bishop of the early Christian Church of the fourth and fifth centuries, with contemporary theologians and ethicists on the topic of social justice. Each essay mines the major themes present in Augustine's extensive corpus of writings—from his Confessions to the City of God—with an eye to the following question: how can this early church father so foundational to Christian doctrine and teaching inform our twenty-first century context on how to create and sustain a more just and equitable society? In his own day, Augustine spoke to conditions of slavery, conflict and war, violence and poverty, among many others. These conditions, while reflecting the characteristics of our technological age, continue to obstruct our collective efforts to bring about the common good for the global human community. The contributors of this volume have taken great care to read Augustine through the lens of his own time and place; at the same time, they provide keen insights and reflections which advance the conversation of social justice in the present.

In this thoughtful reflection, the bishops present a compelling explanation of how Catholic social teaching is central to keeping the Church strong.

This updated second edition of the Catechism of the Catholic Church incorporates all the final modifications made in the complete, official Latin text, accompanied by line-by-line explanations of orthodox Catholicism, summaries of each section, a detailed index, extensive cross-references, and helpful footnotes.

Imagine you could meet a saint. Whom would you choose? Online with Saints invites you to virtually encounter more than one hundred saints from around the world. Women and men, carpenters and scholars, mothers and popes, princes and paupers. This book is filled with the stories of real people who strived for holiness in their everyday lives. Their stories are linked to modern questions, and together with these saints you can find the answers. The accompanying free app Online with Saints contains social media profiles for 100-plus saints, with fascinating biographical facts, quotes, prayers, and captivating evidence of their personal faith and love of God and neighbor. The app provides an augmented reality encounter. Use your phone to scan the image of a saint in the book, then watch the saint tell his or her story. Every saint has a unique story to tell about his or her journey to heaven. Each found his or her vocation in life in a different way. Their lives remind us that God has a plan for each and every one of us. If we are prepared to follow his will, he will make saints of us, too.

In The Lay Saint, Mary Harvey Doyno investigates the phenomenon of saintly cults that formed around pious merchants, artisans, midwives, domestic servants, and others in the medieval communes of northern and central Italy. Drawing on a wide array of sources—vital documents of their saintly lives and legends, miracle books, religious art, and communal records—Doyno uses the rise of and tensions surrounding these civic cults to explore medieval notions of lay religiosity, charismatic power, civic identity, and the church's authority in this period. Although claims about laymen's and laywomen's miraculous abilities challenged the church's expanding political and spiritual dominion, both papal and civic authorities, Doyno finds, vigorously promoted their cults. She shows that this support was neither a simple reflection of the extraordinary lay religious zeal that marked late medieval urban life nor of the Church's recognition of that enthusiasm. Rather, the history of lay saints' cults powerfully illustrates the extent to which lay Christians embraced the *vita apostolica*—the ideal way of life as modeled by the Apostles—and of the church's efforts to restrain and manage such claims.

Mae Elise Cannon opens the annals of activist history to see if there is a correlation between great acts of compassion and advocacy and great depths of prayer. Looking at the lives of Mother Teresa, Dietrich Bonhoeffer, Martin Luther King Jr. and others, Cannon finds a depth of spiritual practice at the root of courageous social action.
