A clear and practical introduction to second language acquisition, written for students encountering the topic for the first time.

Understanding how people learn

Read Online Second Language Acquisition An

Introductory Course 4th Edition

and fail to learn Second and foreign languages is increasingly recognised as a critical social and psycholinguistic issue. Second languages are vitally important to diverse groups of people, ranging from refugees to college students facing foreign language

Read Online Second Language Acquisition An

Introductory Course 4th
Edition

requirements. This book provides a synthesis of empirical findings on second and foreign language learning by children and adults, emphasising the design and execution of appropriate research.

Read Online Second Language Acquisition An

This third edition of the best-selling *Theories in Second Language Acquisition* surveys the major theories currently used in second language acquisition (SLA) research, serving as an ideal introductory text for undergraduate and graduate

Read Online Second Language Acquisition An

students in SLA and language teaching. Designed to provide a consistent and coherent presentation for those seeking a basic understanding of the theories that underlie contemporary SLA research, each chapter focuses on a single

Read Online Second Language Acquisition An

theory. Chapters are written by leading scholars in the field and incorporate a basic foundational description of the theory, relevant data or research models used with this theory, common misunderstandings, and a sample study from the field to show the

Read Online Second Language Acquisition An

Introductory Course 4th
Edition

theory in practice. New to this edition is a chapter addressing the relationship between theories and L2 teaching, as well as refreshed coverage of all theories throughout the book. A key work in the study of second language acquisition, this volume will be

Read Online Second Language Acquisition An

Introductory Course 4th
Edition

useful to students of linguistics,
language and language teaching,
and to researchers as a guide to
theoretical work outside their
respective domains.

Children learn languages quickly
and easily while adults are

Read Online Second Language Acquisition An

ineffective in comparison -- A true
bilingual is someone who speaks
two languages perfectly -- You
can acquire a language simply
through listening or reading --
Practice makes perfect --
Language students learn (and
retain) what they are taught --

Read Online Second Language Acquisition An

Language learners always benefit from correction -- Individual differences are a major, perhaps the major, factor in SLA -- Language acquisition is the individual acquisition of grammar.
