~~This is an excellent selection of the writings of Karl Marx. This includes many writings which do not make it into the usual Marx/Engels Readers; Writings including Marx's Letters, his criticism of Bakunin, more writings on economics than in the usual Reader, and so on. One flaw of it, though, is that it does not contain the later writings of Engels written after Marx's death.~~

This edition of McLellan's comprehensive selection of Marx's writings includes carefully selected extracts from the whole range of Marx's most important pieces alongside a fully revised and updated bibliography and editorial commentary on each document. New editorial introductions to each section of the book provide the reader with the background and context of Marx's writing in each period. Essential reading for anyone wishing for a detailed overview of Marx's political philosophy.

Featuring the works from Marx's enormous corpus, this title covers Marx's development from the Hegelian idealism of his youth to the mature socialism of his later works. It includes writings from Marx's early philosophical works, and the central writings on historical materialism.

Designed to appeal to the booklover, the Macmillan Collector's Library is a series of beautiful gift editions of much loved classic titles. Macmillan Collector's Library are books to love and treasure. This edition contains the most salient extracts from Marx's great work, selected and introduced by Hugh Griffith. Karl Marx's Communist Manifesto, first printed just before the French revolution of 1848, is his most accessible and famous work. In his powerful call to arms, Marx expounds his famous theory that class struggle is the real determinant of historical change. Next in this volume comes his treatise, Wages, Price and Profit, written in 1865, which serves as an accessible introduction to the ideas which Marx went on to develop in Capital, his masterful, multi-volume analysis of how the world was irreversibly changed by the industrial revolution. Whilst old-style Marxism is now dead and buried, today's conflicts within capitalism

are as sharp as ever and Marx's brilliant, painstaking writings remain incredibly relevant.

Featuring the most important and enduring works from Marx's enormous corpus, this collection ranges from the Hegelian idealism of his youth to the mature socialism of his later works. Organized both topically and in rough chronological order, the selections (many of them in the translations of Loyd D. Easton and Kurt H. Guddat) include writings on historical materialism, excerpts from *Capital*, and political works.

Translated and edited by T. B. Bottomore.

Letters, articles, and sections of books from the period 1834-47 reveal Marx's (1818-83) early thinking on the nature of religion, freedom of the press, the relation of the state to democracy, the humanistic critique of philosophical idealism, and other topics. Reprinted from the 1967 Doubleday edition because of renewed interest after the fall of the Soviet Union. Paper edition (unseen), \$12.95. Annotation copyrighted by Book News, Inc., Portland, OR

Always controversial, always compelling, the German philosopher Karl Marx is one of the most influential thinkers of the modern era. In this thought-provoking collection of essays, Marx elucidates some his best-known theories and ideas about society, economics, and politics.
