Self-awareness is the bedrock of emotional intelligence that enables you to see your talents, shortcomings, and potential. But you won't be able to achieve true self-awareness with the usual quarterly feedback and self-reflection alone. This book will teach you how to understand your thoughts and emotions,

how to persuade your colleagues to share what they really think of you, and why self-awareness will spark more productive and rewarding relationships with your employees and bosses. This volume includes the work of: Daniel Goleman Robert Steven Kaplan Susan David HOW TO BE HUMAN AT WORK. The HBR Emotional Intelligence Series features smart, essential reading on the human side of professional life from the pages of Harvard Business Review. Each book in the series offers proven research showing how our emotions impact our work lives, practical advice for managing difficult people and situations, and inspiring essays on what it means to tend to our emotional well-being at work. Uplifting and practical, these books describe the social skills that are critical for ambitious professionals to master.

THE STUDENT EQEDGE Facilitation and Activity Guide This Facilitation and Activity Guide is a companion to the book The Student EQ Edge: Emotional Intelligence and Your Academic and Personal Success . It offers faculty and facilitators a hands-on resource for helping students reach their potential by tapping into the power of emotional intelligence. The Facilitation Guide includes exercises and activities which are designed to help students develop confidence, independence, the ability to set and meet goals, impulse control, social responsibility, problem-solving skills, stress tolerance, and

much more—all of which help improve academic success. The Guide also contains a wealth of illustrative case studies, questions for student reflection, movie selections and TV shows that illustrate emotional intelligence, and a self-development plan.

"The single best resource on emotional intelligence in student affairs, *The Student EQ Edge: Student Workbook and Facilitation and Activity Guide* are well organized, creative, and offer everything an emotional intelligence facilitator would need in a fast-paced student affairs environment. The examples are soundly constructed and resonate with students. These materials are my go-to resources."—Candice Johnston, associate

director of student leadership and organizations, Wake Forest University "If I were building a new course to improve student success, it would be founded on emotional intelligence. All the instruction in the world on 'study skills' cannot touch the advantages that come to students who are able to manage their emotional intelligence. And the best news of all is that these skills can be taught. EQ skills make the difference."

—Randy L. Swing, executive director, Association for Institutional Research "This *Facilitation and Activity Guide* is particularly useful, offering options from which the facilitator can draw in preparing assignments or learning community meetings. The focus on learners' needs, and particularly an authentic exploration of self and purpose,

How can we ensure that all students, regardless of cultural background or socioeconomic status, are granted equitable opportunities to succeed in the classroom and beyond? In *Keeping It Real and Relevant: Building Authentic Relationships in Your Diverse Classroom*, author and veteran educator Ignacio Lopez offers hard-won lessons that educators at all levels can apply to teaching, assessing, counseling, and designing interventions for learners from all walks of life. These insights are all rooted in the same core principle: building deep and meaningful relationships with students is the key driver of their success. In addition to examining the pivotal role of relationship-building among teachers and students in preparing the latter to perform at the highest level, this book offers real-life examples of challenging classroom situations, each with a detailed breakdown of how they were peacefully and non-punitively resolved; strategies for designing learning environments suited to the individual needs of students and reflective of their cultural backgrounds; ideas for scaffolding students as they experience and internalize epiphanies

about what works and what doesn't, both academically and behaviorally; and Activities and reflection questions for use in professional development. Many teachers find balancing the needs of increasingly diverse classrooms made up of learners from increasingly diverse backgrounds to be a difficult and often thankless task—and one that takes precious time away from instructional planning. Here, Lopez outlines simple but ingenious steps for addressing these needs holistically, in a way that takes no extra time yet amply enhances the learning experience for students. Clear, practical, and much-needed, *Keeping It Real and Relevant* is the ultimate blueprint for creating a harmonious and successful classroom for kids of all colors, creeds, and cultures.

It's never too early for self-awareness, empathy, and joy. Your toddler or preschooler lives in the moment, but they can still feel overwhelmed. *Mindfulness for Little Ones* helps children ages 2 through 5 move toward healthy coping skills and behaviors with playful, developmentally appropriate activities. Designed to tap into your child's innate curiosity and boundless energy, these fun activities promote the repetition, sensory play, and positive emotions that develop mindfulness for kids. This useful collection of activities approaches mindfulness for kids with: Learn with fun—Dance, wiggle, create, and explore with

playful activities that engage the senses and nurture positive emotions, empathy, and self-awareness as mindfulness for kids is instilled. Not just for kids--A co-regulation guide helps parents and caregivers model mindfulness, even when little ones act out. Mindful organization--Activities are grouped by themes that support different aspects of mindfulness for kids, from awareness of the body and emotions to cultivating joy and empathy for others. By developing mindfulness for kids, toddlers and preschoolers alike will acquire the core skills they need to grow and thrive.

I bought the book to support my program with Native American spiritual growth. The book is great and the CD that comes with it is wonderful. This is not a book to casually read, it's a book to use as a guide for practices to enhance your self-awareness. You won't get how wonderful and useful the book is unless you are committed to doing the work that is provided. I would suggest that if you are serious, contact the author and ask to do the program with her as a support to answer your questions as they come up. it goes deep if you're willing to do the work.

contributors describe state-of-the-art intervention and prevention programs designed to build students' skills for managing emotions, showing concern for others, making responsible decisions, and forming positive relationships. Conceptual and scientific underpinnings of SEL are explored and its relationship to children's and adolescents' academic success and mental health examined. Issues in implementing and assessing SEL programs in diverse educational settings are analyzed in depth, including the roles of school- and district-level leadership, teacher training, and school-family partnerships.

With this unique kids' activity book, parents can finally stop fighting their kids and inspire them to actually want to get dressed in the morning, brush their teeth, eat their dinner, finish their homework, clean their room and sit still in the car. Dayna Abraham, a certified child educator, was successfully using sensory activities with her son who has Sensory Processing Disorder when she discovered that they also made a difference in her other children who didn't have the disorder. She now shares 101 of the best sensory activities to help all kids succeed during times of the day when they have the most trouble focusing and being patient, whether it's getting out the door on time in the morning or peacefully eating a meal with their family at a restaurant. These

activities are lifesavers to parents and caretakers, as they engage kids' senses in a unique way that helps the kids remain calm and focus on the task at hand. Example activities and useful crafts include 2-Ingredient Focus Dough to help kids focus on homework, Blindfold Taste Tests and Moody Meals to help them try new foods, DIY Worry Stones to help them battle separation anxiety at school or daycare, and Rainbow Sensory Rug to help them wind down at the end of the day. The book is written to kids in a fun superhero theme that encourages and helps them let their true awesomeness shine all day long!

In over 45 years as a practicing psychologist, social entrepreneur, and professor, I have learned that emotional intelligence is the key to success in work and in life. I also know that becoming more self-aware is the key to developing strong emotional intelligence. I have taught, coached, and counseled people on how to become more self-aware and how to develop their social-emotional competencies. Both activities lead to higher emotional intelligence. This book presents the best practices developed and delivered in my teaching and in my psychology practice. Some of the stories and exercises in this book came from my previous book *Balanced Leadership in Unbalanced Times* (2009). I published some of the stories and exercises as articles on my blog at RobPasick.com. Please visit as I will continue to write there. University of Michigan to take my class. While it's nice to have a teacher and coach to help you through the process, you can learn a lot by yourself through reading this book and working on its exercises. If you follow the process, you'll end up with a self-made vision for success in both work and life. Furthermore, you will learn to set goals and develop the support that will enable you to make your dreams come true.

How to Use this Book This book reflects the process I use in my coaching and teaching. You will be asked to read, reflect, answer questions, and engage actively in a series of exercises. Some exercises will require the participation of significant people in your life. You will be guided through exercises designed to:

- Help you find your career sweet spot.
- Establish a vivid vision of your dream success in career and life.
- Establish goals in the key spheres of your life: family, friends, mind, body, spirit, career, and community.
- Determine how the right balance in these spheres will lead to choices that maximize your chances to be happy and successfully choose the right mate.
- Better understand others.
- Better manage your relationship with yourself.
- Better manage your relationship with others.
