Battle-Captain. Knight Errant. Agentia Primus. Hero. Nathaniel Garro's journey through the Horus Heresy has been long and hard - this is his story. From out of the shadows of the Silent War, a new hero emerges. Clad all in grey, an errant warrior of the Legiones Astartes kneels before the Regent of Terra and accepts a solemn new duty – Battle-Captain Garro, once commander of the Eisenstein, is now Agentia Primus of Malcador the Sigillite. From the desolation of Isstvan to the halls of the Imperial Palace itself, Garro stands as a paragon of loyalty and protector of the innocent, ever ready to strike back at the traitorous allies of the Warmaster. But he is walking a dangerous path of his own, one that may lead him to question his place in the Imperium... and what if he, too, should falter?

The vicious Night Lords Legion attempt to destroy any hope for the future of humanity. With the noble Emperor Sanguinius ruling from Macragge, Imperium Secundus stands as a lone beacon of hope even as the Warmaster ' s forces continue to ravage the rest of the galaxy. Roboute Guilliman, still Master of Ultramar, has convinced his brother that Terra has fallen and that the mysterious Mount Pharos on Sotha now holds the key to mankind ' s future. But the Night Lords, those cruel and pitiless sons of Konrad Curze, have been watching from the shadows, and make ready to launch their long-planned attack on the Pharos itself...

Terra comes under attack from an enemy within as the Imperial Fists and Rogal Dorn prepare for the coming of Horus. Recalled from the Great Crusade after Ullanor, Rogal Dorn and the VII Legion were appointed as the Emperor ' s praetorians, but only after the Warmaster Horus' treachery was revealed did the full extent of that sacred duty become apparent. Now, the Solar System comes under attack for the first time since the war began, and many of the seemingly impregnable defences wrought by Dorn and his Imperial Fists Legion prove inadequate. With all eyes fixed firmly upon this new threat beyond the gates of Terra, who in turn will protect Dorn from the enemy within?

A Siege of Terra novella from New York Times best selling author Graham McNeill. The Shattered Legion crew of the Sisyphium, broken and at the end of their endurance, find themselves divided; torn between following their resurrected captain on a suicidal mission or obeying orders to return to Terra and rejoin their Legion brothers. Following a series of garbled messages intercepted by the Kryptos, the divided warriors descend to the shattered surface of Luna. Here, their bonds of loyalty, duty, as well as their devotion to one another will be tested as ancient horrors of the earliest days of genemanipulation are unleashed, and a longburied secret is revealed. A secret that will have farreaching consequences for the future course of the galaxy, no matter who eventually claims Terra.

Exiled, hunted and reviled, the Thousand Sons Legion are adrift – as is their primarch, Magnus. But with his power and personality fracturing, drastic action is needed by the Legion if they are to avoid losing their gene-father forever. After the razing of Prospero, Magnus the Red spirited the Thousand Sons away to the aptly un-named Planet of the Sorcerers, deep within the Eye of Terra. Removed from the concerns of the galaxy at large and regarding the Warmaster ' s unfolding Heresy with cold detachment, he has dedicated his hollow existence to the preservation of all the knowledge once held in the great libraries of Tizca, should mankind ever seek such enlightenment again. But his sons can see the change in their primarch – he is a broken soul, whose mind and memories are slipping away into the tumult of the warp. Only by returning to the scenes of his greatest triumphs and tragedies can they hope to restore him, and allow the Crimson King to be crowned anew by the Ruinous Powers.

This Horus Heresy collection contains the novellas Promethean Sun and Scorched Earth, the novel Sons of the Forge and two connected short stories. Born of the fiery world of Nocturne, the Salamanders believe in self sacrifice and the sanctity of human life. Their father Vulkan was raised on this world, a blacksmith's son from humble origins who became a primarch of the Emperor of Mankind and forged his sons into a Legion. Their saga is one of heroism, betrayal, tragedy and rebirth. They have returned from the edge of extinction more than once, forever embattled, never bowed, the Legion and their primarch the epitome of defiance in the face of adversity. Unto the anvil, born of flame.

The Raven Guard primarch Corax and the remnants of his once mighty Legion wage a guerrilla war to liberate worlds oppressed by the traitor forces. After Isstvan, after Deliverance, the Raven Guard still endure. Their primarch Corvus Corax has rallied countless warriors to his banner, striking back at the forces of the Warmaster on every front – from the degenerate hereteks of the Mechanicum to the cruel legionaries of the Sons of Horus, none shall escape his wrath. But although Corax has managed to stall the physical corruption of his own Space Marines, what of their spirit? And what sinister end must await those who dwell forever in the darkness? The saga of the primarch Corax comes to its grim conclusion in this anthology, which collects together the novellas Soulforge, Ravenlord and Weregeld along with several short stories.
