Understand how society works—and how to make it better It's impossible to exist in the contemporary world without being aware that powerful social forces, ideas, and movements—#MeToo, climate change, and Black Lives Matter to name just a few—are having far-reaching impacts on how we think and live. But why are they happening? And what are their likely effects? The new edition of Sociology For Dummies gives you the tools

Read Book Sociology A Journey Chapter 1 The

Sociological Perspective
to step back from your personal experience and study these questions objectively, testing the observable phenomena of the human world against established theories and making usable sense of the results. In a friendly, jargon-free style, sociologist and broadcaster Jay Gabler introduces you to sociology's history and basic methods, and—once you have your sociological lens adjusted—makes it clear how to survey the big questions of culture, gender, ethnicity, religion, politics, and crime with new eyes. You'll find everything you need to succeed in an

class, as well as to apply sociological ideas to give you extra insight into your personal and professional life. Get a working knowledge of Sociology 101 Understand how human communities work Engage more deeply with debates on social justice, healthcare, and more Interpret and use sociological methods and research Whether you're studying sociology at school or just want to gain deeper insight into our collective life, Sociology For Dummies gives you the tools to understand the mechanisms of the human world—and the knowledge to influence how

Read Book Sociology A Journey Chapter 1 The Sociological Perspective

Journey Back to God explores Origen of Alexandria's creative, complex, and controversial treatment of the problem of evil. It argues that his layered cosmology functions as a theodicy that deciphers deeper meaning beneath cosmic disparity. Origen asks: why does God create a world where some suffer more than others? On the surface, the unfair arrangement of the world defies theological coherence. In order to defend divine justice against the charge of cosmic mismanagement, Origen develops a theological

Read Book Sociology A Journey Chapter 1 The

cosmology that explains the ontological status and origin of evil as well as its cosmic implications. Origen's theodicy hinges on the journey of the soul back to God. Its themes correlate with the soul's creation, fall and descent into materiality, gradual purification, and eventual divinization. The world, for Origen, functions as a school and hospital for the soul where it undergoes the necessary education and purgation. Origen carefully calibrates his cosmology and theology. He portrays God as a compassionate and judicious teacher, physician, and father who

Read Book Sociology A Journey Chapter 1 The

employs suffering for our amelioration. Journey Back to God frames the systematic study of Origen's theodicy within a broader theory of theodicy as navigation, which signifies the dynamic process whereby we impute meaning to suffering. It unites the logical and spiritual facets of his theodicy, and situates it in its third-century historical, theological, and philosophical context, correcting the distortions that continue to plague Origen scholarship. Furthermore, the study clarifies his ambiguous position on universalism within the context of his

Read Book Sociology A Journey Chapter 1 The

eschatology. Finally, it assesses the cogency and contemporary relevance of Origen's theodicy, highlighting the problems and prospects of his bold, constructive, and optimistic vision.

The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. Signs, Solidarities, & Sociology addresses the formation and fragmentation of identity in today's postmodern world. Informed by the conceptual convergence in the theories of Durkheim, Peirce, Mead, and Lacan, this book surveys the range of twentieth-century sociology to deconstruct those favored nostrums of subjective meaning, personal power, and autonomous selfhood that

Read Book Sociology A Journey Chapter 1 The

comprise its semantics of agency. Revealed beneath this semantic screen is the triad of pragmatic codes premodern affiliation, modern calibration, and postmodern globalization that govern the social construction of the self. While the ill-comprehended confluence of these three signification codes in the present world situation can indeed fragment personal identity, their formal structural linkages, as shown in this book, may inform a truly postmodern, globally applicable science of culture."
