She knows how many footsteps there are between the bus stop and home. She knows she likes working in The Buttered Bun tea shop and she knows she might not love her boyfriend Patrick. What Will doesn't know is that Lou is about to burst into his world in a riot of colour. And neither of them knows they're going to change the other for all time. Or why the flat she's owned for a year still doesn't feel like home. Whether her close-knit family can forgive her for what she did eighteen months ago. And will she ever get over the love of her life. What Lou does know for certain is that something has to change. Then, one night, it does. But does the stranger on her doorstep hold the answers Lou is searching for - or just more questions? Close the door and life continues: simple, ordered, safe. Open it and she risks everything. actor who played Superman, he was Superman. Which is why the tragic riding accident which left him paralysed from the neck down shocked the world. Superman was not superhuman. It is also why he is now the world's most recognisable person in a wheelchair. In true superhero style, Christopher Reeve refuses to resign himself to the life of a quadriplegic, and is actively campaigning to raise the profile of spinal-cord injury victims and research. Although he was initially told that he would only ever be able to move his head, he can now shrug his shoulders and breathe alone for increasing periods of time, and is determined that he will walk again. It is this extraordinary courage and determination that has made Christopher Reeve the internationally admired figure that he is, and it is this bravery which makes this autobiography about his paralysis and his journey to recovery such a powerful and moving story.

An imaginative journey through a child's big questions about the nature of a mother's love Little Bear is worried. Just how much does his mom love him? What if he does something really bad? What if something bad happens to her? But a mother's love is strong, and as Little Bear finds out, nothing can change that.

After the transformative six months spent with Will Traynor. Louisa Clark is struggling without him. When an accident forces Lou to return home to her family, she cannot help but feel she is right back where she started. Her body heals, but Lou knows that she needs to be kick-started back to life.

Taking a job as an assistant to extreme sports enthusiast Will, who is wheelchair bound after a motorcycle accident, Louisa struggles with her employer's acerbic moods and learns of his shocking plans before demonstrating to him that life is still worth living.
