A conservative NYC judge wakes up to discover that he's been cursed by a voodoo priestess: his penis has metamorphosed into the talking head of a famous radical lawyer who dies during the night (a personage who will remind many of the late William Kunstler).

~~BookLore Review - Talking to Richard by Gary Sherbell~~

About Gary Sherbell is the author of two published novels, four stage plays and four screenplays. His first novel, Talking to Richard, was published in 2003 by Neshui Publishing of St. Louis. His stage plays include an adaptation of Talking to Richard.

~~Gary Sherbell: Author At Large~~

The main character in Talking To Richard is a rather obsessive, divorced, forty-five year old Jewish agnostic judge living in New York City.) Sherbell tried to take an interesting concept and use it as a lens on modern life; to use a ridiculously fantastic story to illuminate our mundane and daily lives.

toward Gary Sherbell's TALKING TO RICHARD. The book (in pre-publication \u201cgalley\u201c form) was sent to me by the author, who had seen some of my online reviews and (probably in part because he realized we had gone to high school together) decided I was a good \u201cvictim\u201c. Even though I was a bit flattered to be in on something before its release to the public at large \u2013 when a book (or ...

I will confess that at the outset, I was not favorably disposed toward "Talking to Richard". The book (in pre-publication "galley" form) was sent to me by the author, who had seen some of my online reviews and had decided I was a good "victim". When a book is pushed on me, I get suspicious! Further complicating matters is the VERY unconventional premise of the book. Since this occurs near the ...

~~Gary Sherbell (Author of Two Suspects)~~

He has grown to loathe Richard Rankin, famous defense lawyer. Rankin does whatever he can to get his clients acquitted, usually by painting them as political victims or by playing the race card. One night, sitting in a bar, Goren hears, and is very glad that, Rankin has died of a heart attack. An older black woman sitting next to him asks Goren to take back his words about Rankin. He refuses ...

Sometimes the truth is both elusive and conveniently irrelevant!There's been a burglary in a luxury high rise co-op in Manhattan: an elderly woman was assaulted in her apartment, with jewelry taken. The prime suspect is Johnny Jones, who was in the building around the same time, helping his lawyer, public defender Alan Goldman, move temporarily into the apartment of his friend, corporate lawyer Tim Wilson. But another suspect soon emerges: a look-alike intruder who got into the building through a basement door with a broken lock. The victim is suing the co-op for millions, represented by her niece, litigator Cathy Collins - Tim's ex-girlfriend. She claims the intruder is guilty, but Tim - the president of the co-op's board - claims Johnny is guilty; if so, the co-op isn't liable at all, since he got into the building lawfully. See how lawyers Tim and Cathy behave oh so badly, using sex to influence Alan and A.D.A. Gina Gomez in their handling of Johnny's case, to suit their lawsuit ends... It won't be until the very end of this dark-comedy mystery that the question will finally be answered: which of the two suspects is guilty?

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and

photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Step into the world of Kelsey Montague in this coloring book... Famed for blending street art and social media, Kelsey Montague creates wild and whimsical large-scale murals that beg passersby to step into them, become part of the art and share it with the world with #whatliftsyou. Now Kelsey's exquisite works are at your fingertips--to entice and engage you with their beauty and positivity. Printed on luxe paper, these are intricate and inspiring images you'll want to linger over and lavish color upon. You'll want to cut them out, frame them, create one-of-a-kind decor from them. Each illustration in this coloring book is designed to remind you to consider what inspires you and to always keep the answers close to your heart.

The fifth edition of this text presents a balanced review of the ecological arguments that the urban arena produces unique experiential and urban-based cultural effects while exploring the broader political and economic contexts that produce and modify the urban environment. In addition to examining the urban dimensions of such topics as community formation and continuity, minority and majority dynamics, ethnic experience, poverty, power, and crime, it provides an analysis of the spatial distribution of population and resources with regard to the metropolitanization of the urban form, and the interaction between urban concentration and development and underdevelopment. From a first chapter that begins with a discussion of some of the more micrological features of the urban experience, the text focuses on the significance of the more macrological cultural, social organizational, and political dimensions of urban change, in an historical span that includes the first cities and concludes with an exploration of the implications of cyberspace, transnationalism, and global terrorism for the future of urban sociology. While the work focuses primarily on the North American case, its analytical and integrated discussion makes it applicable to urban societies in general.

No coach in National Football League history endured more playoff heartache than Marty Schottenheimer. Despite racking up two hundred regular-season victories (only five coaches in the entire ninety-year history of the NFL ever won more games), Marty never reached the Super Bowl during his coaching career. Martyball tells the story of a man who persevered through an avalanche of misfortune and playoff agony that would have brought most men to their knees. But Marty never lost sight of why he fell in love with coaching in the first place: he wanted to teach and mold men through the game of football. Based on more than one hundred hours of interviews with Marty, his players, assistants, family, and friends, this book will give readers a look into the mind of an exceptional coach, and explain why he never gave up or succumbed to self-pity despite a long streak of bad luck. Get the background on Schottenheimer's life, from his childhood in rural Pennsylvania to his playing and coaching careers in pro football, and learn why he kept believing in the game he loved—and how he found valuable lessons about life and football beyond each and every loss.

Each chapter of Nowhere Man offers a glimpse into different aspects of Lennon's life, including John's relationship with Yoko, parenthood, drug use, and his pseudoscientific, esoteric and religious forays. The portrait that emerges is a life during a time of turmoil that is just reaching creative renewal, only to be cut short by an act of delusional violence. Rosen's work reveals a very human side of this beloved cultural icon, giving the reader a compelling account of John's solitary struggle to create a meaningful life in the glaring spotlight of fame. The addition of photos throughout the book places the reader in Lennon's environs, adding a strong visual dimension.
