management, and
mutual funds,
and tells when
to go against
accepted opinion

In *The Futures*,
Emily Lambert,
senior writer at
Forbes magazine,
tells us the
rich and
dramatic history
of the Chicago

Online Library

The Futures

Mercantile
Exchange and
Chicago Board of
Trade, which
together

comprised the
original, most
bustling futures
market in the
world. She
details the
emergence of the
futures business
as a kind of

Online Library

The Futures

meeting place
for gamblers and
farmers and its
subsequent
transformation
into a
sophisticated
electronic
market where
contracts are
traded at
lightning-fast
speeds. Lambert
also details the

Online Library

The Futures

disastrous
effects of Wall
Street's
adoption of the
futures contract
without the
rules and close-
knit social
bonds that had
made trading it
in Chicago work
so well.

Ultimately
Lambert argues

Online Library

The Futures

that the futures
markets are the
real "free"
markets and that
speculators, far
from being mere
parasites, can
serve a vital
economic and
social function
given the right
architecture.

The traditional
futures market,

Online Library

The Futures

Game Who
Wins Who
Loses Why 3rd
Edition

she explains,
because of its
written and
cultural limits,
can serve as a
useful example
for how markets
ought to work
and become a
tonic for our
current
financial ills.
