the worst way to die. ... A hungry beast in every galaxy.

HUNGRY THING is a dark fantasy story told in five poems, by internationally published author and poet, Shawn M. Klimek, complemented by the melancholy illustrations of Romanian surrealist, Norbert Somosi. -Gladys was a good-natured, trusting sort of girl, and as curious as a cat. Come to mention it, whatever happened to our cats? Or to our hound? Or for that matter, to Gladys?- ""The sight of it filled us with dread, yet she seemed

quell any food cravings, and they live a life of privilege as a result. When Thalia meets a boy who is part of an underground movement to bring food back, she realizes that there is an entire world outside her own. She also starts to feel hunger, and so does the boy. Are the meds no longer working? Together, they set out to find the only thing that will quell their hunger: real food. It's a journey that will change everything Thalia thought she knew. But can a "privy" like her ever truly be part of a revolution?

A tale of magic, found family, and the power of being yourself—even when the world asks you to change. Witches have been banned from Arrett for years. Which is why Milly has tried to ignore the tingling light that appears in her palm anytime she conjures up a wish. She has too many responsibilities as the oldest

girl at St. George's Orphanage to get caught up in magicks. Sweet, quirky Cilla, though, has always longed for that power, even if it could be dangerous for her. Milly has always kept an eye out for her, but then, in a case of mistaken identity, Cilla is kidnapped by an angry, exiled witch who believes she 's the one with magicks—not Milly. Desperate to bring Cilla back to St. George's, Milly sets out to find her with a sarcastic young Wind stuck in the form of a cat as her companion. Along the way, they meet an independent young broomstick and gentle giant—and a whole world Milly has never seen before. As she searches high and low for Cilla, one thing becomes clear: she ' ll have to face the stirrings of forbidden magicks inside herself in order to rescue a friend who has become more like a sister.

Finalist for the 2017 Chicago Review of Books Fiction Award and a 2017 NPR Great Read Recommended reading by Nylon, BuzzFeed, Vulture, Lit Hub, Chicago Review of Books and Chicago Reader

"With this novel, Hunter establishes herself as an unforgettable voice in American letters. Her work here, as ever, is unparalleled."

—Roxane Gay, author of *Bad Feminist* and *Hunger*

Achingly funny and full of feeling, *Eat Only When You're Hungry* follows fifty-eight-year-old Greg as he searches for his son, GJ, an addict who has been missing for three weeks. Greg is bored, demoralized, obese, and as dubious of GJ's desire to be found as he is of his own motivation to go looking. Almost on a whim, Greg embarks on a road trip to central Florida—a noble search for his son, or so he tells himself. Greg takes us on a tour of highway and roadside, of Taco Bell, KFC, gas-station Slurpees, sticky strip-club floors, pooling

sweat, candy wrappers and crumpled panes of cellophane and wrinkled plastic bags tumbling along the interstate. This is the America Greg knows, one he feels closer to than to his youthful idealism, closer even than to his younger second wife. As his journey continues, through drive-thru windows and into the living rooms of his alluring ex-wife and his distant, curmudgeonly father, Greg 's urgent search for GJ slowly recedes into the background, replaced with a painstaking, illuminating, and unavoidable look at Greg 's own mistakes—as a father, as a husband, and as a man. Brimming with the same visceral regret and joy that leak from the fast food Greg inhales, *Eat Only When You 're Hungry* is a wild and biting study of addiction, perseverance, and the insurmountable struggle to change. With America 's desolate underbelly serving as her guide, Lindsay Hunter elicits a singular type of sympathy for her

A Publishers Weekly Best Book of the Year From an obesity and neuroscience researcher with a knack for engaging, humorous

Read Book The Hungry Thing

storytelling, *The Hungry Brain* uses cutting-edge science to answer the questions: why do we overeat, and what can we do about it? No one wants to overeat. And certainly no one wants to overeat for years, become overweight, and end up with a high risk of diabetes or heart disease--yet two thirds of Americans do precisely that. Even though we know better, we often eat too much. Why does our behavior betray our own intentions to be lean and healthy? The problem, argues obesity and neuroscience researcher Stephan J. Guyenet, is not necessarily a lack of willpower or an incorrect understanding of what to eat. Rather, our appetites and food choices are led astray by ancient, instinctive brain circuits that play by the rules of a survival game that no longer exists. And these circuits don't care about how you look in a bathing suit next summer. To make the case, *The Hungry Brain* takes readers on an

Read Book The Hungry Thing

eye-opening journey through cutting-edge neuroscience that has never before been available to a general audience. The Hungry Brain delivers profound insights into why the brain undermines our weight goals and transforms these insights into practical guidelines for eating well and staying slim. Along the way, it explores how the human brain works, revealing how this mysterious organ makes us who we are.
