You have the old: her novel, Heartburn ; her screenplay for When Harry Met Sally..., her beloved essays, and you have the new: her play Lucky Guy , a portrait of tabloid writer Mike McAlary, which was first published in this volume.

A celebration of the work of the late Academy Award-nominated author and screenwriter collects her writings on topics ranging from journalism and feminism to food and aging, in a volume complemented by her notorious Wellesley commencement address and her recent blogs about death.

THE ULTIMATE NORA EPHRON COLLECTION, PACKED WITH WIT, WISDOM AND COMFORT, WITH A FOREWORD FROM INDIA KNIGHT 'It's got a little bit of everything, from witty essays on feminism, beauty, and ageing to profiles of empowering female figures' ELLE 'The perfect introduction to the iconic writer' STYLIST INCLUDING: \* Nora's much-loved essays on everything from friendship to feminism to journalism \* Extracts from her bestselling novel Heartburn \* Scenes from her hilarious screenplay for When Harry Met Sally \* Her favourite recipes \* The complete text of her play, Lucky Guy PRAISE FOR NORA EPHRON 'So bold and so vulnerable at the same time. Nora Ephron's brilliantly funny writing paved the way for female wits like Lena Dunham and Tina Fey. Here is a comprehensive anthology of Nora Ephron' writings on journalism, feminism, and being a woman; on the importance of food (including of course her favourite recipes), and on the bittersweet reality of growing old. As well as many personal pieces from the writer who always sounded like your ideal BFF, this collection includes extracts from her bestselling novel Heartburn, written in the wake of her devastating divorce from Carl Bernstein, and from her hilarious screenplay for the movie When Harry Met Sally, as well as the complete text of her recent play Lucky Guy, published here for the first time.

Is it possible to write a sidesplitting novel about the breakup of the perfect marriage? If the writer is Nora Ephron, the answer is a resounding yes. For in this inspired confection of adultery, revenge, group therapy, and pot roast, the creator of Sleepless in Seattle reminds us that comedy depends on anguish as surely as a proper gravy depends on flour and butter. Seven months into her pregnancy, Rachel Samstat discovers that her husband, Mark, is in love with another woman. The fact that the other woman has "a neck as long as an arm and a nose as long as a thumb and you should see her legs" is no consolation. Food sometimes is, though, since Rachel writes cookbooks for a living. And in between trying to win Mark back and loudly wishing him dead, Ephron's irrepressible heroine offers some of her favorite recipes. Heartburn is a sinfully delicious novel, as soul-satisfying as mashed potatoes and as airy as a perfect soufflé.

Nora Ephron returns with her first book since the astounding success of I Feel Bad About My Neck, taking a cool, hard, hilarious look at the past, the present, and the future, bemoaning the vicissitudes of modern life, and recalling with her signature clarity and wisdom everything she hasn't (yet) forgotten. Ephron writes about falling hard for a way of life ("Journalism: A Love Story") and about breaking up even harder with the men in her life ("The D Word"); lists "Twenty-five Things People Have a Shocking Capacity to Be Surprised by Over and Over Again" ("There is no explaining the stock market but people try"; "You can never know the truth of anyone's marriage, including your own"; "Cary Grant was Jewish"; "Men cheat"); reveals the alarming evolution, a decade after she wrote and directed You've Got Mail, of her relationship with her in-box ("The Six Stages of E-Mail"); and asks the age-old question, which came first, the chicken soup or the cold? All the while, she gives candid, edgy voice to everything women who have reached a certain age have been thinking . . . but rarely acknowledging. Filled with insights and observations that instantly ring true—and could have come only from Nora Ephron—I Remember Nothing is pure joy.

A bitingly funny, provocative, and revealing look at our foibles, passions, and pasttimes—from one of the most creative minds of our time. “Nora Ephron can write about anything better than anybody else can write about anything.”—The New York Times From her Academy Award-nominated screenplays to her bestselling fiction and essays, Nora Ephron is one of America’s most gifted, prolific, and versatile writers. In this classic collection of magazine articles, Ephron does what she does best: embrace American culture with love, cynicism, and unmatched wit. From tracking down the beginnings of the self-help movement to dressing down the fashion world’s most powerful publication to capturing a glimpse of a legendary movie in the making, these timeless pieces tap into our enduring obsessions with celebrity, food, romance, clothes, entertainment, and sex. Whether casting her ingenious eye on renowned director Mike Nichols, Cosmopolitan magazine founder Helen Gurley Brown—or herself, as she chronicles her own beauty makeover—Ephron deftly weaves her journalistic skill with the intimate style of an essayist and the incomparable talent of a great storyteller.

The classic Crazy Salad, by screenwriting legend and novelist Nora Ephron, is an extremely funny, deceptively light look at a generation of women (and men) who helped shape the way we live now. In this distinctive, engaging, and simply hilarious view of a period of great upheaval in America, Ephron turns her keen eye and wonderful sense of humor to the media, politics, beauty products, and women's bodies. In the famous "A Few Words About Breasts," for example, she tells us: "If I had had them, I would have been a completely different person. I honestly believe that." Ephron brings her sharp pen to bear on the notable women of the time, and to a series of events ranging from Watergate to the Pillsbury Bake-Off. When it first appeared in 1975, Crazy Salad helped to illuminate a new American era--and helped us to laugh at our times and ourselves. This new edition will delight a fresh generation of readers.

Rob Reiner's enormously funny and moving When Harry Met Sally ... -- a romantic comedy about the difficult, frustrating, awful, funny search for happiness in an American city, where the primary emotion is unrequited love -- is delighting audiences everywhere. Now, the complete screenplay is published. Written by Nora Ephron -- author of screenplays for Silkwood and Heartburn (from her own best-selling novel) -- When Harry Met Sally...is as hilarious on the page as it is on the screen. The book includes an introduction by the author.

For fans of When Harry Met Sally and readers of I Feel Bad About My Neck (which is to say, almost everyone!) comes an indispensable collection of wit and wisdom from the late, great Nora Ephron A hilarious and revealing look at one of America's most beloved screenwriters. From the beginning of her career as a young journalist to her final interview—a warm, wise, heartbreaking reflection originally published in the Believer—this is a sparkling look at the life and work of a great talent.

The writer and filmmaker Nora Ephron is captured by her long-time and dear friend Richard Cohen in a recollection of their decades-long friendship.
