danger of their situation and try to anticipate every eventuality. But, betrayal comes from an unexpected quarter, putting Neve and Hugo in mortal danger, and forcing them to reevaluate whom they can trust. Unexpected reunions, simmering old hatreds, and shocking betrayals abound as Neve and Hugo race against time to help Max, and flee England before it's too late.

The Myth: Alice was an ordinary girl who stepped through the looking glass and entered a fairy-tale world invented by Lewis Carroll in his famous storybook. The Truth: Wonderland is real. Alyss Heart is the heir to the throne, until her murderous aunt Redd steals the crown and kills Alyss' parents. To escape Redd, Alyss and her bodyguard, Hatter Madigan, must flee to our world through the Pool of Tears. But in the pool Alyss and Hatter are separated. Lost and alone in Victorian London, Alyss is befriended by an aspiring author to whom she tells the violent, heartbreaking story of her young life. Yet he gets the story all wrong. Hatter Madigan knows the truth only too well, and he is searching every corner of our world to find the lost princess and return her to Wonderland so she may battle Redd for her rightful place as the Queen of Hearts.

They think she's mad. They're right. After returning from Wonderland again, Alice Liddell has been sent to the Facility--an asylum specially designed for others like her. Such fantasies are no longer suitable for a girl of seventeen, or so they tell her. Everyone around her demands she be sensible. Her story has been twisted for the entertainment of children. But Alice knows the truth. She won't be moved to sensibility. And she's not the only one. Along with her new friends, Alice is thrust into a journey to save the Mad Hatter from the Queen of Hearts. But things are never so easy. Alice quickly discovers her fate is tied closer to her fellow Facility escapees than any of them could've imagined. Stories weave together in unexpected ways as Alice and her friends find themselves deep in something that effects far more than just Wonderland. This is just the beginning.

Alice in Wonderland (also known as Alice's Adventures in Wonderland), from 1865, is the peculiar and imaginative tale of a girl who falls down a rabbit-hole into a bizarre world of eccentric and unusual creatures. Lewis Carroll's prominent example of the genre of "literary nonsense" has endured in popularity with its clever way of playing with logic and a narrative structure that has influenced generations of fiction writing.

Alice can't believe her eyes when a white rabbit wearing a waistcoat and carrying a pocket watch dashes by her. She chases after him, down a rabbit hole to a strange land full of exotic creatures, like the Mad Hatter and March Hare, a smiling Cheshire cat, a philosophical caterpillar, and a temperamental

croquet-playing queen. Alice can hardly keep track of all the curious characters, let alone herself! ALICE IN WONDERLAND is an incredible feast for your eyes, ears and heart that will captivate audiences of all sizes. Here you will find the 'Alice in Wonderland' complete collection: Alice's Adventures in Wonderland Alice Through the Looking Glass The Hunting of the Snark Alice's Adventures Underground The Nursery 'Alice' Head down the rabbit hole with Alice for a fantastic adventure!

Revolution is rising in Wonderland. Dinah's battle has begun. Colleen Oakes's twisted reimagining of the Queen of Hearts origin story continues in this thrilling sequel, Blood of Wonderland. Dinah has been exiled from Wonderland. The vicious father she always feared has framed her for the brutal murder of her brother and turned the kingdom against her. Now hiding in the lush and mysterious Twisted Wood with only her war steed at her side, Dinah is faced with a choice—to leave Wonderland forever, or stay and fight her father for the throne. When a chance encounter with one of her father's long-lost enemies brings Dinah more allies than she ever could have imagined, war starts to feel inevitable. But before Dinah can lead her people into combat, she must confront certain truths about her heart and her destiny—no matter how dark those truths may be. Don't miss War of the Cards, the epic conclusion to the Queen of Hearts trilogy.

The Wizard's journey to Wonderland has exposed a shared history between that faery land and Oz - but the meaning behind the connection is still largely a mystery. Dorothy and Alice have come together to save Wonderland, but can they do anything before the Wicked Witches succeed in taking over Oz? With the looming conflict already threatening two worlds, the path ahead leads Dorothy to a third: a mysterious unnamed world that exists on the other side of a mirror in the university at Oxford - where reality itself has been set backwards, and Dorothy finds that entering this particular faery land may end up being a one-way trip. Meanwhile, Alice must come to grips with what Wonderland did to her all those years ago. Written with a faithful eye to the original Baum and Carroll classics, Dorothy Through the Looking Glass continues the epic adventure that brings together both classic heroines from Oz and Wonderland in a new modern story.

When Kallie Bennett, a jaded teenage girl plagued by her alcoholic mother and her peers molded out of sheer bubble gum perfection, chases after Alice in Wonderland herself, she ends up lost in her own version of Wonderland, which forces her to face her utmost fears and introduces her to familiar characters with a dark twist. Among these characters is Ches, a gorgeous vampire with a conflicted conscience, who becomes Kallie's guide and blossoming love interest. She also crosses paths with Queen Hartley, a manipulative witch who has the power to strip away one's memories and imagination, which

Download Ebook The Page The Wonderland Series Book 1

brings a bone chilling new meaning to "off with their heads." In The Search for Alice, Kallie starts to realize that her Wonderland is just as frightening as her own reality and that she cannot always run away from her problems. She must figure out a way to defeat Queen Hartley and return home before it is too late, but she soon learns that escaping Wonderland means leaving Ches behind forever.

When boxing trainer and long-time friend Henry Cimoli asks for Spenser's help with a heavy-handed developer who is sending thugs to pressure Henry to sell his beachfront condo, Spenser and his apprentice, Zebulon Sixkill, follow a trail to a beautiful woman, a megalomaniac Vegas kingpin, and plans for a sprawling casino in Boston.

Matt Hadder is the wizard of Wonderland Inc., a party planning organization for every major player in the world. Matt can make anything, including drugs, prostitutes, and deals, appear for a night and then disappear just as quickly. Wonderland Inc. was his life until Alex Little, a beautiful contradiction of innocence and impurity, obedience and rebelliousness, stepped into his life and turned both of their worlds upside down.
