In the world we are living in, English has become the common language that people from different countries and cultures can use to communicate with one another. There are many reasons why people would want to learn English, but for a lot of them; It is work-related. Most large companies around the world require their employees to speak English. In some cases, these companies are requiring their workers to only use English at the workplace. English has also been referred to as “ the language of business ” . If you have ambitions to become an international businessman or to work at some bigger companies, it ’ s almost essential that you ’ re able to speak English fluently. From The Intermediate Level to The Advanced Level From my years of teaching, I am confident to say that it is easy for an English learner to go from a beginner English level to an intermediate English level. However, it takes more time to go from an Intermediate level to an advanced English level. A lot of students have studied English for years but still aren ’ t able to speak English on an advanced level. They have tried many methods, attending classes, learning how to pronounce every single word and even getting a private English tutor to improve their spoken English, yet they still have a hard time pronouncing English words correctly or feeling too nervous to speak. The Best Proven Way to Learn and Speak English In this book, Christopher Hill, “ THE INTERNATIONAL ESL PROFESSOR ” (with 20+ years of experience) will show you powerful unique ways to rapidly improve your spoken English. With topics you already have interest in, you will find out how easy and effortless to learn and speak fluent English. This effective method is simple, yet powerful. You will able to learn and improve your spoken English 3 to 5 times faster compared to the traditional way of learning. Inside This Black Book, You will Discover: - The 3 Golden Rules of Speaking Fluent English - The Power of Immersion - The Process of Shadowing - How Intensive Listening works - The Best Accent Reduction Techniques - Bonus Guide: The Secret Method to Become Super Fluent in 21 Days How do you know this book is for me? This book is for busy Intermediate students who wish to get to the Advanced English Level. If you can understand 60-80% of an English speaking movie and understand what you are reading so far, you have found the right book. Stop Using Ineffective Ways to Learn and Speak English. When you are using proper methods to learn, you ’ ll find that improving English is effortless. Learn and adopt these Proven techniques, tips, and many more secrets revealed in this black book. Don ’ t Learn Using The Old-fashioned Way. Get a Copy of “ The Black Book of Speaking Fluent English ” and Start Speaking Fluent English :)

With questions and answer sections throughout, this book helps you to improve your written and spoken English through understanding the structure of the English language. This is a thorough and useful book with all parts of speech and grammar explained. Used by ELT self-study students.

Are you frustrated with your English study? You want to speak English. Instead, you are taught to write English sentences and memorize grammar rules. There is a better way. The best way for you to learn a language is to speak it. Therefore, the author of SPOKEN ENGLISH LEARNED QUICKLY developed a method so that you can learn English by speaking it even when you do not yet know the language. Two U.S. patent applications have been filed on the method. This new method allows even the beginning student to speak grammatically correct English for two or more hours each day. The Fluency Builder Course provides enough audiotape material for nine months of spoken English study. Through repeating grammatically correct English sentences, you will quickly learn to speak fluently. The course emphasizes correct use of the English verb. SPOKEN ENGLISH LEARNED QUICKLY uses neither beginning nor advanced levels of study - all students use the same course, and are immediately immersed in normal, spoken English. This is a self-taught course for highly motivated students. Fluency is achieved at almost twice the rate attainable with typical ESL courses. [www.spokenli.com](http://www.spokenli.com) gives two free demonstration lessons.

This book is the product of over three decades of teaching English at various levels. Whether you are a student or a language instructor, the lessons in this manual are simplified so that beginners and veterans of the English language may comfortably do the speech drills without riding over bumps. Teaching anything or training, in particular, is holistic; it is not done in compartments. To speak English fluently, you cannot focus only on pronunciation and diction and ignore the voice quality. While improving your vocabulary, pronunciation, and diction, you've got to improve your voice, as well as all the components that support the speech mechanism. This book gives you everything you need to improve your spoken English.

David Crystal's classic English as a Global Language considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

Leading researchers in the field of spoken discourse and language teaching offer an empirically informed, issues-based discussion of the present state of research into spoken language. They address some of the complex and rewarding opportunities offered by these emerging insights for language education and, specifically, for TESOL. They ask whether new data and evidence that spoken discourse is a distinctive genre will challenge existing language theories and teaching. What could be the practical outcomes for curriculum, teaching approaches, materials and assessment? A stimulating resource for researchers and for professional and student language teachers.
