In the Lord 's recovery during the past five hundred years the church 's knowledge of the Lord and His truth has been continually progressing. This monumental and classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries. It is filled with the revelation concerning the processed Triune God, the living Christ, the life-giving Spirit, the experience of life, and the definition and practice of the church. In this set Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation, development, and expounding of the truths contained in the Scriptures. The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people; the second principle is that we should interpret, develop, and expound the truths contained in the Bible with Christ for the church; and the third governing principle is Christ, the Spirit, life, and the church. No other study or exposition of the New Testament conveys the life nourishment or ushers the reader into the divine revelation of God 's holy Word according to His New Testament economy as this one does.

One look inside this stylish white Italian Duo-Tone™ edition reveals why this Bible is a favorite for over nine million people.

This book argues that the throne motif constitutes the major interpretive key to the complex structure and theology of the book of Revelation. In the first part of the book, Gallusz examines the throne motif in the Old Testament, Jewish literature and Graeco-Roman sources. He moves on to devote significant attention to the throne of God texts of Revelation and particularly to the analysis of the throne-room vision (chs. 4&5), which is foundational for the development of the throne motif. Gallusz reveals how Revelation utilizes the throne motif as the central principle for conveying a theological message, since it appears as the focus of the author from the outset to the climax of the drama. The book concludes with an investigation into the rhetorical impact of the motif and its contribution to the theology of Revelation. Gallusz finally shows that the throne, what it actually represents, is of critical significance both to Revelation's theism and to God's dealing with the problem of evil in the course of human history.

Millions love this devotional---now beautifully packaged for women! Grace for the Moment has had a major impact on countless lives. Presets eighty-five Bible stories from the Old and New Testament, New Living translation, and includes special prayers and activities for each story.

This book describes, in biblical text and beautiful full-color paintings, a vision seen by the apostle John while on the island of Patmos. John sees a heavenly throne room with God on the throne. Four creatures covered with eyes and wings, an emerald rainbow, a glassy sea, and twenty-four crowned elders are some of the amazing images surrounding the throne. After the story, an inner meaning is offered in simple terms, based on the works of Emanuel Swedenborg, an 18th-century Christian writer. The scene of the Throne Room of Heaven is viewed as a visual description of God's loving presence inside each person.
