In Chocolate We Trust takes readers inside modern-day Hershey, Pennsylvania, headquarters of the iconic Hershey brand. A destination for chocolate enthusiasts since the early 1900s, Hershey has transformed from a model industrial town into a multifaceted suburbia powered by philanthropy. At its heart lies the Milton Hershey School Trust, a charitable trust with a mandate to serve "social orphans" and a \$12 billion endowment amassed from Hershey Company profits. The trust is a longstanding source of pride for people who call Hershey home and revere its benevolent capitalist founder—but in recent years it has become a subject of controversy and intrigue. Using interviews, participant observation, and archival research, anthropologist Peter Kurie returns to his hometown to examine the legacy of the Hershey Trust among local residents, company employees, and alumni of the K-12 Milton Hershey School. He arrives just as a scandal erupts that raises questions about the outsized power of the private trust over public life. Kurie draws on diverse voices across the community to show how philanthropy stirs passions and interests well beyond intended beneficiaries. In Chocolate We Trust reveals the cultural significance of Hershey as a forerunner to socially conscious corporations and the cult of the entrepreneur-philanthropist. The Hershey story encapsulates the dreams and wishes of today's consumer-citizens: the dream of becoming personally successful, and the wish that the most affluent among us will serve the common good.

Milton Hershey School began as a dream and vision shared by chocolate magnate Milton S. Hershey and his wife, Catherine. Unable to have children of their own, the Hersheys decided to use their wealth to create a home and school for orphaned boys. Established on November 15, 1909, the first students of what was then called the Hershey Industrial School lived and attended class in the Homestead, the rural birthplace of Milton Hershey. Here they were provided with a stable home life and a rigorous combination of agricultural, vocational, and academic learning. Today Milton Hershey School continues the tradition of preparing students to lead productive and fulfilling lives by providing a cost-free, private, coeducational home and school for children from families of low income, limited resources, and social need. Milton Hershey School chronicles the history and traditions of a legacy that continues to serve the needs of the thousands of boys and girls touched by the generosity of Milton and Catherine Hershey every day.

A simple biography of the man who founded the Hershey's Chocolate company.

2003 marked the 100th anniversary of the founding of Hershey, PA. This book details over five thousand relations of Milton Hershey - most of them from the Central Pennsylvania region. All told - over 5,000 relations are mentioned - including a substantial Kinship Report and complete Index. Many of the prominent Mennonite families of Lancaster, Lebanon & Dauphin Counties are represented. This is a wonderful Pennsylvania Dutch genealogy.

In the early 1900s, chocolate tycoon, Milton Hershey, founded the Hershey School for fatherless poor boys, with the intention of instilling them with Christian values, a hard work ethic, and the promise of a better future. But all was not what it seemed. The Chocolate Trust tells a different story about the school a story of pupils who worked as indentured laborers for the Hershey Company; a Trust that has raked in billions in endowments, though the money is diverted from the intended beneficiaries the children and put into Hersheypark, and a new golf course; and the recent history of the school two decades that have seen scandal, internal strife, politics, sexual abuse, soaring board compensation, and a revolving door of poor youths. Through shrewd reporting and firsthand accounts, Bob Fernandez's riveting book makes it clear that the legacy of the Hershey School has made Hershey, Pennsylvania far from "the sweetest place on earth
