“ Does a phenomenal job of pulling back the curtain and giving you a first-hand peek inside the hidden, often frustrating, world of credit scoring. ” —Lynnette Khalfani-Cox, New York Times bestselling author of Zero Debt A healthy credit score is essential for a healthy financial life. But the precise mechanisms used to determine our credit scores are shrouded in mystery. Consumers aren ’ t usually told how their score is being used by all kinds of companies and banks to dictate financial terms that will strongly affect their daily lives. So when consumers interact with the world of credit, they do so from a position of weakness. With this revelatory guide, Anthony Davenport aims to change that. Finally, here is a consumer-friendly road map for understanding and navigating the secretive world of consumer credit. Davenport reveals where your credit score comes from, how to improve, maintain, or rescue it, and how to avoid hidden credit pitfalls. Your Score is an accessible manual designed to help you take control of your credit score and better navigate all the important financial decisions in your life.

“ Anthony Davenport not only understands credit, but truly believes everyone should be empowered to understand it for themselves. You won ’ t find this level of honest information anywhere else. ” —Tiki Barber, cohost of Tiki & Tierney and former NFL running back “ This is a masterful work . . . The time it takes to read this book will produce extraordinary returns. ” —Mark Gerson, chairman, Gerson Lehrman Group “ Davenport offers a handy, one-stop guide to understanding—and fixing—your credit score . . . A clearheaded, must-read guide for anyone looking to decode the most influential number of them all. ” —Publishers Weekly

The most comprehensive insider's look at what every consumer needs to know about their credit score-and most importantly, how to fix itIf you, like so many millions of Americans, are terrified by the daily headlines regarding Equifax and identity theft, and how all of this can directly affect your basic credit score, then this book should be considered as mandatory reading. Like it or not, a healthy credit score is essential if you want to participate in today's financial world. But very few people actually understand how their credit score is determined. Worse yet, most don't know how their score is used by all kinds of companies and banks to dictate financial terms that will strongly affect their daily lives. When consumers interact with the world of credit, they do so from a position of weakness. In Your Score, Anthony Davenport aims to change that. Finally, here is a road map for navigating the confusing world of consumer credit. Drawing on the real stories of his own firm's high-profile clients, as well as the stories of middle-class Americans, he reveals the hidden credit pitfalls that await even the most careful consumer and shares smart strategies to avoid them. An accessible but detailed manual, Your Score finally lets readers take control of their credit score, understand how to

play the game, and gain an insider's knowledge of how to better navigate the most important financial decisions of their lives.

Most credit books promise quick fixes and easy solutions to bad credit, but the truth is there is no quick fix when it comes to credit. Your best strategy as a smart consumer is to understand your credit inside and out. Credit expert John Ulzheimer can give you all the tools you need to master the world of credit, before or after you get into trouble, and take the power back into your own hands. Topics covered include: • The difference between a credit score and a credit report • The best way to deal with collection agencies • How to monitor your credit report • Protecting yourself from identity theft • The impact of student loans on your credit score • How to opt out of unwanted credit card offers The Smart Consumer 's Guide to Good Credit answers all of your questions about credit (including the ones you didn ' t even know you should be asking!) and yes, even explains the best ways to work toward improving a bad credit score.

The six components inextricably woven into House Money are the DNA of the real estate transaction. The significance of each element and how it impacts your decisions will empower you to anticipate rather than react. You will enjoy less frustration and stress, gain a sense of control, and experience improved financial results.

The Business Credit playbook is an insider's guide on how to build an exceptional business credit score and profile for any business. This book will reveal how a business owner can be approved for tens of thousands of dollars in revolving credit cards and credit lines. Plus, this unique book explains how business owners can secure large amounts of cash funding for their business without a personal guarantee required from the business owner. Learn the insider secrets of the business credit world and be approved for more money than you have ever imagined before.

The three authors of this book had one goal for writing this book. They want you to FINALLY fix your credit. You will learn the basics of the credit reporting industry. Then they want to tell you an easy to execute plan on how to fix your credit. The authors have decades of experience fixing credit and helping people live the life they desire that requires great credit. This is the most up to date information available. When deciding which book to purchase, consider the publication date. The industry has significantly changed in the last few years, why use a plan from 2010? This information is current as of 2014. Here are the Benefits found in this book: -Finally fix your credit! -Give you simple templates so you can send effective dispute letters. -Show you new techniques used by credit pros in 2014 - Now you are the pro! -Educate you on the credit industry. -This book is concise. We want to tell you what you need to fix your credit. We wanted to do this in about 100 pages. Anything else would be fluff you don't need and waste your time.

Paul Sullivan shows how people can make better financial decisions, and come to terms with what money means to them. He lays out they can avoid the pitfalls around saving, spending and giving their money away, and think differently about wealth to lead more secure and less stressful lives. An essential complement to all of the financial advice available, this unique guide is a welcome antidote to the idea that wealth is a number on a bank statement.
