Brief inspirational readings encourage readers to be the unique individual that God created them to be.

His New York Times phenomenon The Prayer of Jabez changed how millions pray. Now Bruce Wilkinson wants to change what they do next. Anyone can do a good deed, but some good works can only happen by an act of God. Around the world these acts are called miracles-not that even religious people expect to see one any time soon. But what would happen if millions of ordinary people walked out each morning expecting God to deliver a miracle through them to a person in need? You Were Born for This starts with the dramatic premise that everyone at all times is in need of a miracle, and that God is ready to meet those needs supernaturally through ordinary people who are willing to learn the "protocol of heaven." In the straightforward, story-driven, highly motivating style for which he is known, Wilkinson describes how anyone can be a 'Delivery Guy' from heaven in such universally significant arenas of life as finances, practical help, relationships, purpose and spiritual growth. You Were Born for This will change how you see your world and show you what you can expect God to do through you to meet real needs. You will master seven simple tools of service, and come to say with confidence, "I want to deliver a supernatural gift from God to someone in need today-and I expect to!" From the Hardcover edition.

Have you ever met someone with the perfect job? To the outside observer, it seems like they've won the career lottery-that by some stroke of luck or circumstance they've found the one thing they love so much that it doesn't even feel like work-and they're getting paid well to do it. In reality, their good fortune has nothing to do with chance. There's a method for finding your perfect job, and Chris Gullebeau, the bestselling author of The \$100 Startup, has created a practical guide for how to do it-whether within a traditional company or business, or by striking out on your own. Finding the work you were "born to do" isn't just about discovering your passion. Doing what brings you joy is great, but if you aren't earning a living, it's a hobby, not a career. And those who jump out of bed excited to go to work every morning don't just have jobs that turn their passions into paychecks. They have jobs where they also can lose themselves for hours in the flow of meaningful work. This intersection of joy, money, and flow is what Gullebeau will help you find in this book. Through inspiring stories of those who have successfully landed their dream career, as well as actionable tools, exercises, and thought experiments, he'll guide you through today's vast menu of career options to discover the work perfectly suited to your unique interests, skills, and experiences. You'll learn how to: • Hack the job of your dreams within a traditional organization by making it work for you • Find not only your ideal work but also your ideal working conditions • Create plans that will allow you to take smarter career risks and "beat the house" every time • Start a profitable "side hustle" and earn extra cash on top of your primary stream of income • Escape the prison of working for someone else and build a mini-empire as an entrepreneur • Become a rock star at any creative endeavor by creating a loyal base of fans and followers Whichever path you choose, this book will show you how to find that one job or career that feels so right, it's like you were born to do it.
