This book presents an exposition of two aspects of the detailed system laid out for mankind in the Sunnah of Allahs last Messenger, blessings and peace of Allah be upon him. Specialists in education and economics will surely be surprised by the extent to which some of todays most difficult problems have already found solutions full of great wisdom in Islam. This book is only one section of a book originally in Arabic, Al-Sunnah: Masdarun lil Ma' rifati wal Hadarah (The Sunnah: a Source of knowledge and Civilization), by sheikh Yusuf al-Qaradawi.

The Sunnah still provides the stable moral framework that enables Muslims, by formal rules and inward sense, to know right from wrong. However, separation from the mainstream of life puts the Sunnah in danger of becoming rigid and an archaism. Addressing that danger, this book explains how the Sunnah can function as the grammar of a living, adaptive language, capable of guiding (and not shying from) the mainstream. The first chapter sets out the qualities that characterize authentic application of the Sunnah: universality, coherence (so that different spheres of human responsibility are not split), compassionate realism, moderation, and humility. The second explains standards and procedures for determining the Sunnah in the fields of jurisprudence and moral instruction. The third chapter illustrates through detailed examples common errors in understanding the Sunnah and reading hadiths singly without sufficient context, confusing legal and moral injunctions, means and ends, figurative and literal meaningsand it proposes remedies for these errors.

This work analyzes how the conditions of modernity have shaped the contemporary views of the prominent Islamic thinker, Yusuf al-Qaradawi. At the outset, it lays the foundation for a discussion of modernity by reviewing the ideas of prominent philosophers, such as Kant, Hegel, as well as of contemporary social scientists, such as Habermas. Based on their understanding of modernity, this work shows how increased education, mass communication, and migration have changed the way Muslims perceive their religion. It also shows how al-Qaradawi's thinking reflects this. Al-Qaradawi is put into historical perspective through a review of modernity in the Islamic world over the last 200 years. This is followed by an examination of his views on a number of pertinent issues, including science, massmedia, jihad, international relations, democracy, and feminism. The findings are based on hundreds of fatwas, sermons, and interviews in the Arab media, and on relevant secondary sources, both in English and Arabic. As of yet, no in-depth work of this length has been published on al-Qaradawi in English.

One of the most prominent Sunni clerics in the Muslim world today, Shaykh Yusuf al-Qaradawi influences the discourse around matters central to the Islamic faith and to Islam's relationship with Western culture. As the spiritual leader of the wasat.iyya movement, he is the voice of the moderate current in contemporary Islam. In this volume, Polka explores al-Qaradawi's life and development as a Muslim scholar and likewise examines the philosophy of the wasat.iyya movement. In so doing, Polka compares wasat.iyya to two rival schools of contemporary Islamic thought;jihadist Salafism and secular liberalism/creating a thorough analysis of the Islamic tradition. Polka offers a broad panoramic view of these three trends and their positions on core issues debated in the Muslim world: Islamic reform, democracy and human rights, feminism, the concept of jihad, and suicide attacks and the killing of civilians. Through his writing and preaching, al-Qaradawi has become the Islamic legal authority for Hamas and for the current generation of the Muslim Brotherhood but remains a controversial figure. While his many students admire him as their spiritual mentor, others have accused him of exploiting his pulpit and his media stardom in order to promote terrorism and violence toward both Muslims and non-Muslims. Polka helpfully explores this duality, providing a much-needed comprehensive analysis of al-Qaradawi's philosophy and the centrist approach within Islamic thought.

Since its first publication in 1960, this famous work by Yusuf al-Qaradawi has enjoyed a huge readership in the Muslim world, and has been translated into many languages. It dispels the ambiguities surrounding the Sharfiah to fulfil the essential needs of the Muslims in this age. It clarifies the halāl (lawful) and why it is halāl, and the harām (prohibited) and why it is harām, referring to the Qur'an and the Sunnah of the Prophet. It answers questions which may face the Muslims today, and refutes the ambiguities and lies about Islam. Dr al-Qaradawi delves into the authentic references in Islamic jurisprudence, extracting judgements of interest to contemporary Muslims in the areas of worship, business dealings, family life, food and drink, dress and ornaments, patterns of behaviour, individual and group relations, family and social ethics, habits and social customs.

In the hierarchy of Islamic faith and religious duties zakat is next only to the acclamation of Allah's unity and prophecy of Muhammad (peace be unto him) and the five daily prayers. It is rather significant that a measure of far reaching economic consequences should find such a high place in that hierarchy and be counted as one of the five pillars o Islam. Zakat is doubly important in the way of life that is Islam. On the one hand it is a means of spiritual purification and on the other a way to regain balance and equilibrium in social and economic life. One would expect religious scholars as well as economists not to miss these points and pay due attention to this unique institution. However, the subject of zakat did not attract the attention of contemporary scholars to an extent commensurate with its importance. There is a need for economists, legal experts and shariah scholars who would elaborate and analyze the law of zakat in a contemporary manner. Sheikh Yusuf al Qardawi's book is one of those exceptions to the above which give one the needed hope and reassurance to carry on. First published more than 3 decades ago, Fiqh al Zakat still remains unparalleled in its comprehensiveness exposition and depth. It is, therefore, with great pleasure that we present it to the English reading public.Shaykh Yusuf Al-Qaradawi Born in Egypt 1926. One of the most prominent scholars of the 20th century. He memorized the Quran before the age of 10. He is an expert on principals of Islamic jurisprudence (Fiqh), Arabic language, and other Islamic Sciences. He has published over 100 books, which are bestsellers in the Islamic world.His books cover various topics, such as: Fiqh, how to understand the Sunnah, how to understand the Qur'an, a two volume book on Zakat which is considered by many scholars as a treasure house for the Islamic library, environment, Fiqh of Minorities, poetry, and many other topics.Shaykh Al-Qaradawi represents an original effort to make the comprehensive rules of Islam accessible and understandable to non-specialists, and he always tries to join between the principles of the religion and the problems facing the Muslims today.

Over the past three decades, scholars, government analysts and terrorism experts have examined the relationship between Islam and politics. But specialists have tended to limit their analysis to a specific country or focus. Few works have provided a geographically comprehensive, in-depth analysis. Since 9/11, another wave of literature on political Islam and global terrorism has appeared, much of it superficial and sensationalist. This situation underscores the need for a comprehensive, analytical, and in-depth examination of Islam and politics in the post-9/11 era and in an increasingly globalizing world. The Oxford Handbook of Islam and Politics, with contributions from prominent scholars and specialists, provides a comprehensive analysis of what we know and where we are in the study of political Islam. It enables scholars, students, and policymakers to understand the interaction of Islam and politics and the multiple and diverse roles of Islamic movements, as well as issues of authoritarianism and democratization, religious extremism and terrorism regionally and globally.

This book explores the way to achieve success both in this worldly life and in the Hereafter. It is the way to happiness and to a pure life in general. It is the power of morals and morals of power, the soul of life and life of the soul, beauty of the world and the world of beauty, the light of the way and the way of light. In short, it is about the necessity of human life. The Impact of Emaan (Faith)in the Life of the individual discusses the idea how Emaan has a great, special effect in the life of Muslim individual, and how it helps him to lead a life of happiness under all circumstances, as it provides him with tranquility and security of the soul, contentment, hope, love, and remaining firm against adversites.
